

Sunny Sands Elementary School Modernization Project

Construction planned to begin in September 2023

Palm Springs Unified School District is excited to announce the start of the Sunny Sands Elementary School (SSES) renovation project. The SSES campus was originally constructed in 1989 and the work is funded through the Measure 'E' and 'I' local bonds and State funding programs. The construction includes replacing the existing classrooms and portables with six new buildings. These new buildings will be used for classrooms, administration offices, a library, and other school related uses. The multi-purpose room and cafeteria building will be upgraded to current building codes.

WHAT TO EXPECT

Traffic Control

Construction traffic access will be located on the north side of the campus off Kemper Road. A temporary access ramp will be constructed for the entrance to the construction project.

Construction Deliveries

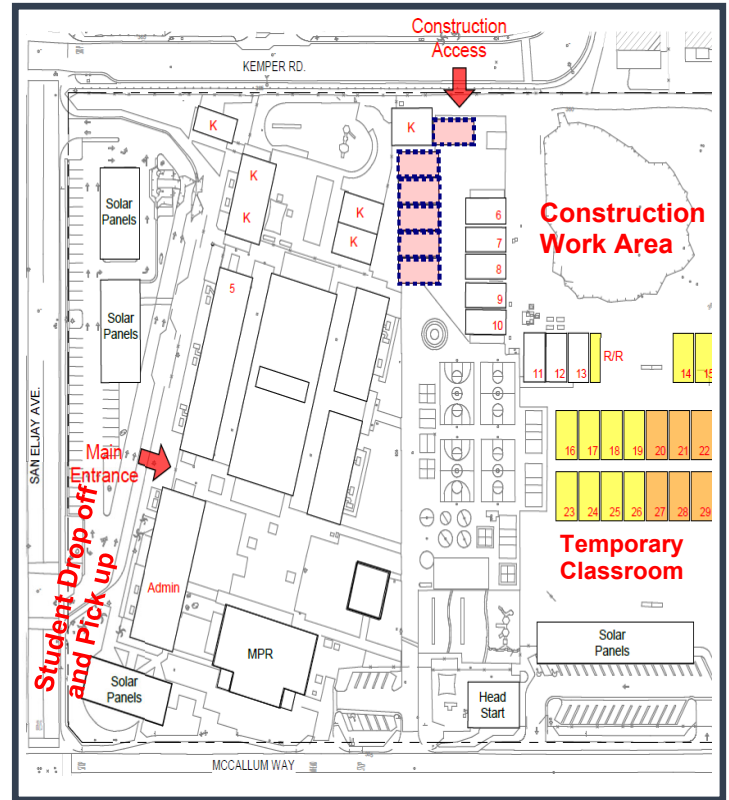

Most construction traffic and deliveries will occur during early morning before start of school.

Construction Duration

There are 3 main phases of construction, and the estimated construction duration is 32 months with work expected to be complete by Spring 2026.

Informational Meeting

An informational meeting with community members is scheduled for **Monday October 9th, 2023, at 5:00 p.m.** at Sunny Sands Elementary in the Multi-Purpose Room. Please email Ernie Dominguez at edominguez@psusd.us for meeting information. !!

Work Hours

Monday-Friday
7 a.m. to 4 p.m.
