

School Plan for Student Achievement (SPSA) Template

The School Plan for Student Achievement (SPSA) is meant to consolidate all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), pursuant to the California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA).

The purpose of the SPSA is to increase the overall effectiveness of the school program by crafting a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement.

The School Site Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications in the plan to reflect changing needs and priorities, as applicable, pursuant to EC 52853(b) and 52855.

California's ESSA State Plan significantly shifts the state's approach to the utilization of federal resources in support of underserved student groups. The SPSA provides schools with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement.

School Vision and Mission

All members of Bubbling Wells Elementary School will work collaboratively as a learning community to ignite individual passion to support academic achievement and social emotional well-being as we promote a diverse, scholarly society that shares strong interpersonal connections and mutually respectful relationships.

School Profile

Bubbling Wells Elementary School is one of sixteen elementary schools in the Palm Springs Unified School District. We are a Gold Ribbon School, recognized for our RtI&I model which has been refined each year to reflect the current needs of our students. Bubbling Wells opened in the fall of 1992. Located just south of the city limits of Desert Hot Springs, school attendance boundaries include the county areas of the city of Desert Hot Springs as well as students from the town of Desert Hot Springs. Our school enrollment has declined slightly over the past few years. We currently serve approximately 680 students in grades Transitional Kindergarten through Fifth Grade. 95.1% of our students receive free and reduced lunch and 47.6% are designated as English Language Learners. Bubbling Wells will remain on a 2-1-2 weekly calendar this school year. This means that every Wednesday, the students will be released early so that administration and teachers can attend professional development opportunities, student data meetings, grade-level collaboration, and faculty meetings. The time set aside every Wednesday will be from 12:30 p.m. until 2:30 p.m.

The staff and community of Bubbling Wells have developed several goals for the purpose of increasing proficiency levels for all students. Our goals include:

(1) Having all students actively engaged in learning during the instructional day; (2) Building teacher capacity to engage students by using specific, and targeted learning strategies; (3) Extend learning time and active engagement of students through technology; (4) Utilize formative and summative benchmark assessments to gauge students' learning needs, as well as achievement levels and plan instruction based on those needs to assist students in mastering the rigor of the standard; & (5) Targeting students for interventions in reading and mathematics to provide additional scaffolds and supports to bridge learning gaps that may exist.

School-wide programs include:

We provide a Structured English Immersion program for English learners in which nearly all classroom instruction is provided in English, but with a curriculum and a presentation designed for pupils who are learning English. At a minimum, students are offered a structured, sequential English Language Development (ELD) program and access to grade-level academic subject matter content.

Our Transitional Kindergarten and Kindergarten programs are full-day. Students are instructed in building phonics and phonemic awareness, fluency, vocabulary, comprehension, writing, and mathematics. Instructional strategies are supported through Foundational Skills Routines which are implemented through second grade. Professional development for teachers and instructional reinforcement of learned academics in reading, writing, and mathematic skills are a part of the full program TK-5th.

Students identified as Gifted and Talented are served through our GATE cluster program in grades 3-5. Students in these grades are placed with teachers who are either GATE certified or participating in training in GATE instructional strategies. All third-grade students are blanket tested to determine GATE identification.

For Special Education students, we have five special day classes spanning Early Childhood through grade 5 that service our students with mild to moderate special education needs that cannot be met in the general education classroom. RSP support is provided for all students on IEPs who meet the criteria for needing special education services while the majority of their needs can be met in the general education classroom setting. Instruction within a collaborative service delivery model reflects content and performance standards and ensures access to the core curriculum for all students. The Resource Specialist supports students through collaboration with the classroom teacher and through direct services that reflect the support identified in the IEP. Our Speech and Language providers are also on-site to support students on an IEP with speech articulation, Language, and communication needs. Students receiving special education services in the Special Day Class (SDC) setting receive some instruction (as appropriate) for both academics and social achievement within the general education classroom setting for portions of the academic day. The materials utilized for the collaboration model are purchased jointly through the special education department and site funds.

Students not receiving special education services from a Resource Specialist, but who are significantly at risk of academic failure are targeted during our classroom interventions focusing on ELA and math skills. This includes our schoolwide power hour ELA intervention, a 60-minute intervention block in the classroom. Classroom teachers are

consistently assessing student growth in reading comprehension to provide guided reading support during power hour and increase reading proficiency for struggling students. For students needing additional reading support, we have 1 Reading Intervention teacher and 3 paraprofessionals providing Tier 3 pull-out reading support throughout the day for qualified general education students in grades 1-5.

Instruction within a collaborative service delivery model reflects content and performance standards and ensures access to the core curriculum for all students. Students' performance is evaluated by utilizing curriculum-embedded assessments, district performance indicators, and CAASPP data. The staff works together as grade-level and vertical teams to collaborate on instructional strategies and interventions that meet individual student needs while promoting critical thinking, social and emotional development, and an overall love of learning.

Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Additional Targeted Support and Improvement

Chronic Absenteeism: All, Homeless, SWD, White
Academics (ELA/Math): SWD, White

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Bubbling Wells Elementary School Site Council (SSC) meets regularly during the school year to review and update the school plan including proposed expenditures of Title 1 funds. School goals are based upon comprehensive needs assessment, including analyzing verifiable state data and information displayed on the CA School Dashboard. Other district and school data, including interim assessments, are utilized to further measure and monitor achievement throughout the school year. That information is monitored and discussed on an ongoing basis with the SSC. School goals are aligned with PSUSD LCAP goals and include the same metrics/indicators. Input and advice are solicited from school advisory committees including the ELAC and School Leadership team. The BWES School Plan addresses how LCFF and Title 1 fund will be used to improve the academic performance of all students and close student group achievement gaps.

Educational Partner Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

This SPSA was created with significant stakeholder input and evaluation of current goals/actions over the course of the 2022-23 school year by members of the School Site Council (SSC), English Language Advisory Committee (ELAC), school leadership team as well as input from other staff, students and community members.

School Site Council met on the following dates to review the current SPSA and discussed modifications/future actions that were used in creating the new SPSA:

8/24 - 8/30 School Site Council Nominations - We had 3 parent/community and 1 staff opening this school year. The nomination form was sent online through a Google form for parents and another to all staff members to reflect the openings.

8/31 - 9/4 School Site Council Elections - Following nominations, the ballot was sent as a Google form for parents to vote for parent/community members and staff to vote for staff members. Results were collected electronically and results were posted for parents, staff, and community members.

9/21 SSC #1 - Introduction and district training of SSC, Election of SSC officers, Review and input on SPSA revisions. Review Title 1 Parent & Family Engagement Policy and Home-School Compact, Uniform Complaint Procedures, and SSC Bylaws

10/6 SSC #2 - Review beginning of the year data, Approval of SPSA Fall revisions, Input on Safe School Plan

2/2 SSC #3 - SPSA & Budget review with current data analysis, discussion of actions to continue/discontinue for next year, discussion of ATSI areas of need.

5/1 SSC #4 - LCAP presentation and input, Review ATSI input from all stakeholders, 2023-24 SPSA presented and approved by the SSC

Based on the evaluation of the implementation and effectiveness of the SPSA Actions (see Annual Evaluation and Needs Assessment section) and the review of the CA School Dashboard, district benchmarks, and Panoramic survey our School Site Council noted the following actions to be implemented in the coming year's SPSA:

1. Continue funding 3 paraprofessionals to assist with Tier 3 reading support. Discontinue the funding of the 2nd reading intervention teacher and allocate those funds to other areas of need.
2. Continue with 6 supervision positions for the next year adjusting the schedule as needed to provide the best supervision practices and opportunities for collaboration. Continue with the increased supervision hours to assist with maintaining trained personnel.
3. Continue providing supplemental materials and supplies based on the established tiered approach to address the varied needs of students and staff at various levels throughout the school year.
4. Continue providing support for intervention/power hour tier 2 interventions based on proven effectiveness in data. Increase focus on math interventions and continue the implementation of High Impact Math Strategies to increase student achievement.
5. Provide increased support for student behavior needs by adding a behavior paraprofessional to work with students who are struggling with following established expectations in/out of the classroom.
6. Provide additional mental health support for students struggling with social and emotional needs.

ELAC Meeting Dates and Topics:

- 9/12 ELAC #1 - Information & training meeting, Nomination/Elections,
11/9 ELAC #2 - ELPAC Parent information and practice tests
1/23 ELAC #3 - Initial and Annual ELPAC Notification Explanation, Reclassification Procedures, PSUSD District-Wide Needs Assessment & School Needs Assessment
3/1 ELAC #4 - ELPAC Updates, How are ELs included in the school SPSA, ATSI review, and input

Based on reclassification data and CA Dashboard data the ELAC noted that the school was making progress in meeting the needs of English Language Learners overall and appreciated all efforts by the staff. In the future, they would like the school to look for opportunities to provide the following:

1. Increase attendance and educate parents on the importance of attendance
2. Continue educating parents on the different assessments and skills students are being asked to perform to be proficient
3. Continued paraprofessional support and translation services

An Additional Targeted Support and Improvement (ATSI) meeting was held on 2/13/23 to discuss the areas of need and brainstorm actions to address those needs. The leadership team met on the following dates to complete the worksheet processes:

- 2/13 Reviewed the areas of need and completed the initial 5 whys/Fishbone activity for Math. The team was asked to take the activity back to grade levels for input and bring it to the next meeting.
3/1 ELAC reviewed the areas of need, reviewed discussions with the leadership team, and provided input on areas of need.
3/10 Reviewed the areas of need for attendance with the tier 2 attendance team. Completed the needs assessment and brainstormed actions to address areas of need for different groups of students.
3/20 Team shared the input from grade level teams 5 why/Fishbone activities for both Math & ELA. Completed the background reflection and explorations portion of the worksheet as a team.
4/24 Reviewed & provided input on the action steps proposed for the 2023-24 SPSA as part of the ATSI process.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

Through our needs assessment, we identified a resource inequity within our Students with Disabilities (SWD) student group. Based on the 2022 CA School Dashboard results, our SWD students are performing 82 points below our All Students group in ELA and 97 points below the All Students group in math. In the 2022-23 school year, no specific actions or expenditures were specifically focused on this student group. 2022-23 Star test results indicate a continuing differential for SWD students in both reading and mathematics. In Goal 1 of our 23-24 plan, we have addressed this inequity through the following specific actions:

- Our Academic Coach will have a specific focus placed on supporting general & special education teachers in the identification of and effective delivery of appropriate differentiated intervention strategies that scaffold support reflecting student needs.

- Professional Development opportunities will target implementing instructional strategies that reflect the needs of students based on their current assessed needs.

Through our needs assessment, we identified a resource inequity within our white student group. Based on the 2022 CA School Dashboard results, our White students are performing 10.1 points below our All Students group in ELA and 3.8 points below the All Students group in math. In the 2022-23 school year, no specific actions or expenditures were specifically focused on this student group. 2022-23 Star test results indicate a continuing differential for White students in both reading and mathematics. In Goal 1 of our 23-24 plan, we have addressed this inequity through the following specific actions:

- Our Academic Coach will have a specific focus placed on supporting classroom teachers in analyzing assessment data to identify inequities in student groups, identifying barriers to learning, and planning instructional strategies that overcome those barriers.
- Reading Intervention support will be provided to target groups of students that meet set criteria, reflecting their current assessed needs.

Attendance continues to be one of the largest areas of need for all student groups. Through our needs assessment, we identified a resource inequity within our homeless, SWD, and White student group attendance in addition to all students having very high chronic absenteeism. Based on the 2022 CA School Dashboard, our white student group had 24.2%, our SWD group had 41.8% and our homeless student group had 59.5% chronic absenteeism. These rates were compared to an overall very high rate of 32.2% chronic absenteeism for all students at our school. In the 2022-23 school year, our tier 2 team has been focused on intervening on target students who are demonstrating high levels of chronic absences throughout the year using the SART/SARB process. In Goal 3 of our 23-24 plan, we have addressed the concern with the following specific actions:

- The school counselor and Family Engagement Specialist will be contacting families who have demonstrated a history of chronic absence to provide support and resources to address the various barriers to attendance
- The importance of attendance & its impact on academic success will be part of the family education nights. Incentives & recognition will be provided for students meeting established attendance goals.

Needs Assessment – Review of Performance

Based on a review of performance on the state indicators and local performance indicators included in the California School Dashboard, progress toward SPSA goals, local self-assessment tools, stakeholder input, or other information, what progress is the school proudest of, and how does the school plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for student groups, including low-income students, English learners, and foster youth have led to improved performance for these students.

Suspension Rate Indicator - The Fall 2022 CA School Dashboard indicated the overall school performance as Low in suspension rate (1%), an indication of the implementation of effective school climate practices and other means of correction at the school. Compared to the state average suspension rate of 3.2% for the 2021-22 school year. 2022-23 locally calculated data provided by the Student Services department indicates maintaining the rate of 1% at the time of plan writing.

ELA Indicator - Improvement in ELA has been evident in the 2022-23 school year. 2022-23 Star test results indicate improvement in reading throughout the year. Results from the winter screening window indicate that 33.5% of students are at or above the proficiency rate on the district Star Reading benchmark assessment. This is an improvement over the Winter 2021-22 benchmarks of 1.7 points.

Math Indicator - Winter screening window Star results showed improvement in mathematics, with 38.5% of students at or above the proficiency rate on the district Star Math benchmark assessment. This is an improvement over the Winter 2021-22 benchmark of 5.9 points.

Chronic Absenteeism Indicator: Though this continues to be an area of need and focus for developing positive attendance habits this year we have decreased the number of students identified as chronically absent by 18.2% based on data provided by Schoolzilla at the time of plan writing. We are currently at 49.4% of students absent 10% or more days enrolled. Our English Learner group has lower chronic absences compared to our non-English learner student group by 7.6%. Our White student group has a significantly lower chronic absence indicator at 37.9% compared to the overall school rate of 49.4%

Supporting Actions:

Reflections: Success

We have developed stronger Tier 2 & 3 supports for students with explicit expectations posted and taught across campus in various areas. We have also trained all staff in restorative practices and the inclusion of SEL time daily has led to more proactive approaches to discipline as we focus on learning together and learning from the impact our actions have on others. Strong communication with families and positive relationships built prior to the behavior have significantly reduced the need for behavior interventions beyond Tier 2 and our ability to reach out and support students and parents as soon as a concern was presented.

The focus on priority standards increased grade level and vertical collaboration to identify areas of need and priorities for learning has allowed teachers and students to focus on skills/standards that will most impact overall student learning. Grade Levels and Teachers who were consistently meeting with small groups and using running record data to inform comprehensive instruction (word analysis and reading comprehension) made the most progress on STAR assessments for Early Literacy and Reading. The Tier 2 Reading intervention support has helped close the achievement gap in reading foundations as indicated by Star Fountas and Pinnell's progress monitoring throughout the school year. The Tier 2 Intervention program continued with 2 reading teachers and 3 paraprofessionals and was based on the use of Fountas and Pinnell. Schoolwide we piloted the Heggerty Phonemic Awareness program as this was an identified area of need for struggling readers at all reading levels. Teachers who consistently taught from this program showed a higher amount of students excelling in reading levels because they were applying the skills to word attack skills when assessed using running records. The Tier II Intervention Support will continue during Guided Reading for 1st-5th grades; however, with one less reading teacher as we adjust to more students can be supported in the Tier I environment for the entire Guided Reading block. The site will continue funding the reading intervention paraprofessionals to maintain 8 groups per grade level being provided Tier 2 reading intervention support. The district-funded Reading Intervention program has improved reading outcomes for primary grade students, with participating students increasing scores in Star and Fountas and Pinnell progress monitoring results.

The school site received 8 support days for mathematics routines and implementation of high-impact math strategies within the adopted Bridges curriculum. Follow-up coaching and additional collaboration were provided to teachers to assist with the planning and implementation of professional development and data analysis. Our site academic coach provided ongoing coaching for teachers that focused on backward mapping Common Core standards aligned to current data analysis while implementing the strategies provided in professional development. Grade levels and teachers who embraced High Impact math strategies, including LES lessons and talk moves by consistently integrating them into regular instruction had more students demonstrating growth and assessing at/above grade level in math.

All of these supporting actions will continue for the 23-24 school year; however, some with slight modifications to ensure the ongoing effectiveness of the programs that reflect current student needs.

Fall Revision Updates:

SBAC overall growth schoolwide of 2% in ELA and 2% in Math. 5th grade students had an increase of 11% in ELA, and 9% in math compared to the previous school year. When comparing cohorts of students both 4th and 5th grades had increases in students proficient in ELA from the prior school year. Attendance Rate of 88.33% was an increase and higher than other similar schools at the elementary level.

Referring to the California School Dashboard, identify: (a) any state indicator or local performance indicator for which overall performance was in the "Red" or "Orange" performance category or any areas that the school has determined need significant improvement based on review of state indicators, local performance indicators or other local indicators AND (b) identify any state indicator for which performance for any student group was two or more performance levels below the "all student" performance. What steps is the school planning to take to address these areas of low performance and performance gaps?

Reflections: Identified Need

Chronic Absenteeism Indicator: Chronic Absenteeism increased from 13.6% to 32.2% between 2018-19 and 2021-22, indicating that this is an area of need for our school. The Fall 2022 California School Dashboard indicates that the school and almost every student group performed at a very, low-status level except for our Hispanic student group for the 2021-22 school year. 2022-23 data as of March 2023 indicates an improvement of 16.5% schoolwide in chronic absenteeism rates, however, most student group rates continue to report at 25% or higher indicating that this is a continuing area in need of improvement.

ELA Indicator - The Fall 2022 California School Dashboard reported the Students With Disabilities, English Learners, and white student groups in the very lowest performance level. These groups presented a performance gap one level below the overall school result indicating a need for ongoing support. Performance gaps reflected in the Fall 2022 Dashboard continue to be reflected in Star Reading benchmark data. Students with Disabilities report percentages of students projected to meet or exceed the standard on CAASPP at rates of 6.4% (27% lower than the "all students" result). English Learners report percentages of students projected to meet or exceed the standard on CAASPP at rates of 13.9% (19.6% lower than the "all

students” result). The white student group reports percentages of students projected to meet or exceed the standard on CAASPP at rates of 13.3% (20.2% lower than the “all students” result).

Math Indicator - A low status for the “all students” group on the Fall 2022 California School Dashboard, with an average student score of 93.9 points below standard. The Fall 2022 California School Dashboard reported that the Students With Disabilities performed at a Very Low-performance level (190.9 points below standard) on the 2022 CAASPP tests. Star Math district benchmark results indicate that 38.5% of all students are projected to meet or exceed standards, however, Students with Disabilities are only projected to have 16.7% meet or exceed standards.

Supporting Actions:

Through our needs assessment, we recognize that many of our students have not grown academically due to the ongoing trauma from school closures, distance learning, and ongoing health absences related to the pandemic. In addition to this new reality, our community is in a high-poverty neighborhood; there are many societal and domestic distractors that hamper our students’ focus, academic success, and attendance. We utilize the PBIS program to keep the focus on positive behavior and to reward students who demonstrate appropriate behavior and attend school regularly or improve attendance. In addition, we have a full-time Counselor and full-time Behavior Paraprofessional who help students deal with these distractors. Nevertheless, learning is often hampered for those students who are distracted by myriad home and community issues. Our Counselor and Behavior Para will continue to meet with students, in small groups, and teach lessons to help students improve their grit and resilience. We will also continue providing additional supervision by trained professionals for unstructured periods of time during the school day to promote a safe environment for learning.

The Small Group Reading Intervention Program will continue to be funded for the 2023-24 school year to address students who have significant achievement gaps in reading foundations. More focus will be placed on best-first instruction and differentiated small-group instruction with an emphasis on improving foundational skills. The district-funded Reading Intervention teacher will focus on reading improvement, with extra paraprofessional support allowing for expanded student participation in the program. An academic coach will continue to be provided by the district to continue to support the ongoing implementation, planning, and data analysis of these newly learned strategies and routines in English Language Arts and Math. Our Math professional development focus will be to continue implementing and refining the High Impact Math Strategies. Our Academic Coach will help to support Math implementation.

To target chronic absenteeism, the administration will meet with the district Family and Community Engagement Specialist and Office Tech to track data and develop an attendance campaign and a program to monitor and encourage our chronically absent students. Our Counselor and Behavior Para will continue to meet with students, in small groups, and teach lessons to help students improve their grit and resilience. The Social-emotional Learning Block will continue to be the first 30 minutes of the school day. Our tier 2 attendance team will specifically on interventions that will support the needs of our students that are designated as Homeless, Students with Disabilities, and White student groups to identify barriers to attendance and learning. We will continue to work with community partners and the district to provide additional supports that address those barriers to help support consistent attendance.

Special Education teachers will have dedicated time during guided reading to target the individualized needs of our students with disabilities without interrupting core instruction. Also, our special education staff will continue to receive targeted professional development with the general education teachers. Grade levels will desegregate assessment data by SWD and other student groups in order to identify specific strategies to meet their needs.

Fall Revision Updates:

SBAC results showed that students in 3rd grade declined compared to those in 3rd grade the previous year. 4th and 5th-grade cohorts did not make the same growth in math as they did in ELA when comparing the percentage of proficiency from one year to the other of similar groups of students. Based on our results, the staff shared the following next steps as part of what we need to continue to focus on.

Continue to focus on individual student needs in Reading Comprehension (Powerhour)

- Target students for strategic Reading Intervention (low/mid yellows to high reds)
- Collaborate and discuss the implication of a universal screener vs running records for monitoring student growth and achievement
- Short Cycle assessments refined timelines to utilize star Benchmarks as a growth indicator - continue to assess the validity of spring STAR vs SBAC assessments for buy-in
- High-functioning PLC that is Data-Driven in decision-making to inform instructional planning. (whole group, small group, and individual student needs using target students and student groups) *This is a schoolwide focus for this school year
- Continue to strengthen tier 1 instruction that meets the rigor of the standard with appropriate scaffolds/strategies in place to support students’ learning at high levels. (Growth monitoring)

- High-impact math strategies integrated into lesson planning based on data analysis, curriculum availability, and student needs while reflecting SMPs.

Attendance rate: 88.33%

Chronic Absenteeism: 45.56% of all student groups need a focus area

SPED Chronic Absenteeism: 57.55% of 106 students

As a team, we need to Increase Attendance Rates:

- Tier 2 attendance committee meets every 2 weeks. Focused and intentional interventions with ongoing communication between home/school regarding attendance.
- Continue to target chronic absenteeism and encourage daily attendance with celebrations
- Goal setting and celebrations for the whole school and families to help keep positive momentum.

School and Student Performance Data

Student Enrollment Enrollment By Student Group

| Student Enrollment by Subgroup | | | | | | |
|--------------------------------|-------------------------|--------|--------|--------------------|-------|-------|
| Student Group | Percent of Enrollment | | | Number of Students | | |
| | 20-21 | 21-22 | 22-23 | 20-21 | 21-22 | 22-23 |

School and Student Performance Data

Student Population

For the past two years, many state and federal accountability requirements were waived or adjusted due to the impact of the COVID-19 pandemic on LEAs, schools, and students. Beginning with the 2021-22 school year, the requirements to hold schools and districts accountable for student outcomes has returned with the release of the 2022 California School Dashboard (Dashboard). The Every Student Succeeds Act is requiring all states to determine schools eligible for support. Similarly, under state law, Assembly Bill (AB) 130, which was signed into law in 2021, mandates the return of the Dashboard using only current year performance data to determine LEAs for support. Therefore, to meet this state requirement, only the 2021-22 school year data will be reported on the 2022 Dashboard for state indicators. (Data for Change [or the difference from prior year] and performance colors will not be reported.)

This section provides information about the school's student population.

| 2021-22 Student Population | | | |
|--|--|--|---|
| Total Enrollment | Socioeconomically Disadvantaged | English Learners | Foster Youth |
| 649 | 95.1 | 47.6 | 0.6 |
| Total Number of Students enrolled in Bubbling Wells Elementary School. | Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma. | Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses. | Students whose well being is the responsibility of a court. |

| 2021-22 Enrollment for All Students/Student Group | | |
|---|-------|------------|
| Student Group | Total | Percentage |
| English Learners | 309 | 47.6 |
| Foster Youth | 4 | 0.6 |
| Homeless | 21 | 3.2 |
| Socioeconomically Disadvantaged | 617 | 95.1 |
| Students with Disabilities | 84 | 12.9 |

| Enrollment by Race/Ethnicity | | |
|------------------------------|-------|------------|
| Student Group | Total | Percentage |
| African American | 10 | 1.5 |
| American Indian | 1 | 0.2 |
| Asian | 2 | 0.3 |
| Filipino | | |
| Hispanic | 599 | 92.3 |
| Two or More Races | 7 | 1.1 |
| Pacific Islander | | |
| White | 30 | 4.6 |

Conclusions based on this data:

1.

School and Student Performance Data

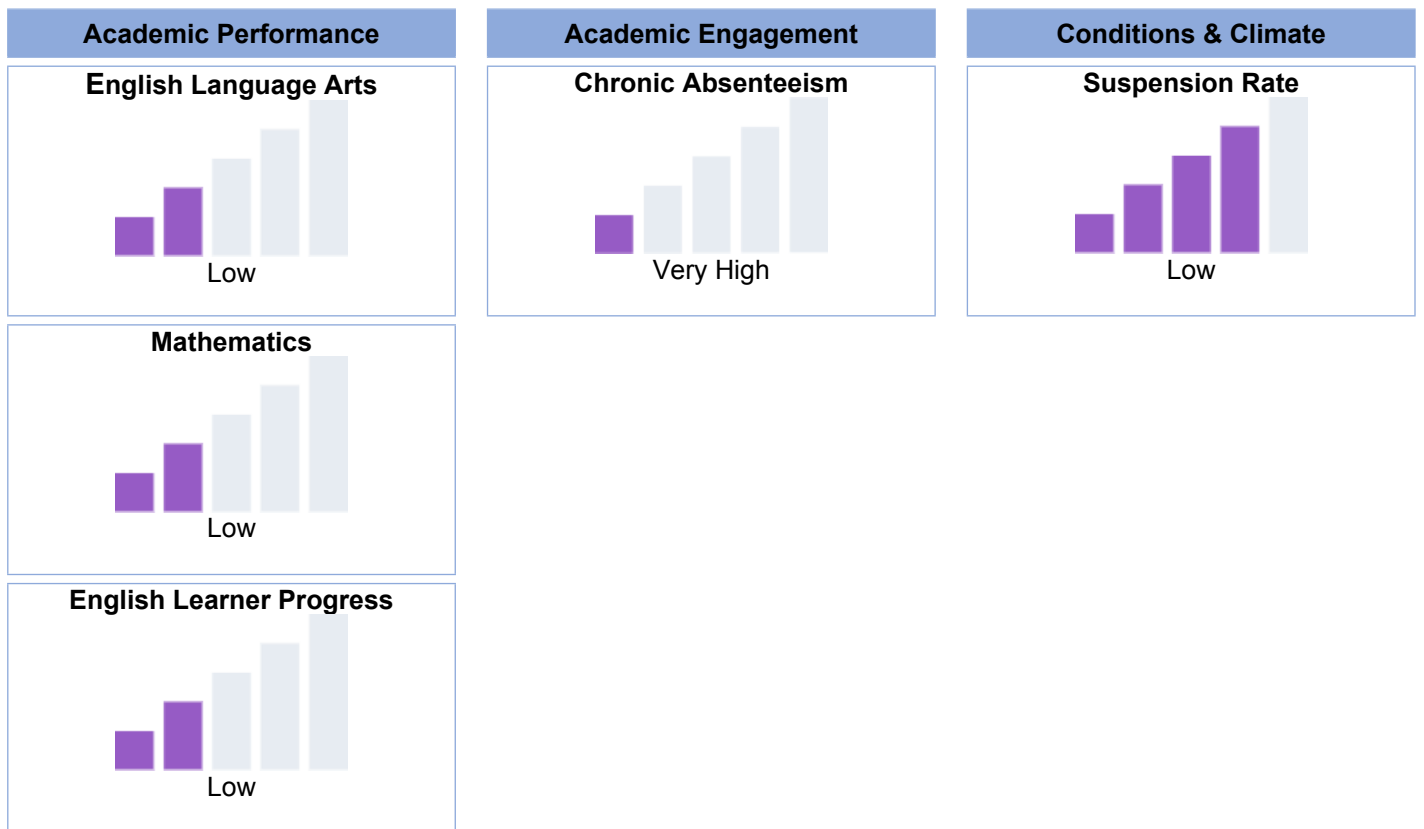

Overall Performance

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

2022 Fall Dashboard Overall Performance for All Students

Conclusions based on this data:

1. The information from this assessment are outdated since the pandemic caused school closures and interrupted learning. We have used the STAR benchmarks and site assessments for formative assessment to address the current needs of students and address the current needs of students.

School and Student Performance Data

Academic Performance English Language Arts

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Annual Review and Update

SPSA Year Reviewed: 2022-23

Goal 1 – Increased Academic Achievement

Students will receive instruction and participate in activities at high levels of rigor to develop Depth of Knowledge in order to master standards needed to prepare them to be college and career ready. Instruction will be provided at the proficiency level for all standards with scaffolds in place as necessary based on student needs to access the grade level curriculum.

Analysis

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

The overall implementation of actions that provided support to students continued to be effective in meeting the needs of the students. The use of paraprofessional support to assist the reading intervention program allowed us to service more students and have more students close the achievement gap in reading skills and comprehension. Teacher & student feedback was positive regarding the purchase of additional supplemental materials including Social Studies Weekly & Learning Dynamics which will be continued this year, though Social Studies Weekly will be the newly adopted curriculum provided by the district. We will continue providing additional release time for teachers to observe, collaborate and share best educational practices as we observed a dramatic increase in the collaboration that impacted student academic progress and teachers' alignment with rigorous instruction vertically. We provided release time to include new teachers to grade levels and teachers who wanted to see specific academic areas in other classrooms and plan follow-up lessons with the academic coach. We will also continue our move toward more vertical collaboration with academic committees continuing to identify areas of need for systemic interventions/strategies that can be implemented at each grade level and grow in depth and complexity each year.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

We are discontinuing funding the additional reading intervention teacher position because of a lack of funding and needs in other areas. We determined that we would be able to continue adequately serving the needs of the student population for grades 1-5 with the support of 3 paraprofessionals in combination with the reading intervention teacher and paraprofessional provided through the district LCAP.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

In the future, release time for teacher will focus less on learning new strategies and more on collaboration & planning time to implement the strategies and skills they have learned in Professional Development. We will continue to supply materials and supplies based on the feedback from the site staff and the identified needs for students through our tiered approach. In the future, if additional funding allows us to expand programs the staff would like additional behavior support for students that would address tier 2 SEL and behavioral needs across campus.

Analysis

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

We have continued to utilize classified support staff to help maintain communication for parents for collaborating on instructional programs. This has been effective in bridging the communication gap in interpreting at conferences, back-to-school nights, open house, family nights, etc. We have utilized all classified personnel (secretaries, clerk, classroom aides, and custodians). Overall, this has increased the number of parents volunteering at the school as well as increased committee participation throughout the school. BWES staff have also utilized a variety of communication methods (email, school website, and Class Dojo and FACES) and activities in collaboration with PTA and the Family and Community Engagement Specialist (FACES) (Fall Festival, Bobcat Movie Nights, Community Clean Up, ELAC Family Activities, etc.) to increase school engagement and volunteering. We have continued to partner with the Family Center and the Family and Community Engagement Specialist (FACES) to provide training and additional supports that parents have requested.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Coming back from the pandemic and the public health guidance it has proven to be difficult in getting parents back into a routine of volunteering in the classroom. Our efforts have increased participation and volunteering, but we are not back to the pre-pandemic numbers.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We will continue to partner with PTA and the Family and Community Engagement Specialist (FACES) to increase parent, student, and community connectiveness.

Annual Review and Update

SPSA Year Reviewed: 2022-23

Goal 3 – Safe and Healthy Learning Environment

The ultimate attendance goal in the Palm Springs Unified School District is for all students to attend school every day. There is a definite link between attendance and academic achievement. Students at Bubbling Wells will increase their attendance rate to a minimum of 96% in the regular 2021-22 school year. Bubbling Wells students will be educated in a safe and drug-free learning environment using the resources and programs identified by the District. The school will provide instruction and reinforcement for the characteristics of respectful, responsible and safe behavior for all students.

Analysis

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

By increasing the ways in which we are acknowledging students who meet behavioral expectations (Caught Being Good Tickets, student of the month awards, trimester awards, PBIS rewards incentives/student store, student celebrations, etc.) we have increased overall attendance. We have also invested in resources (Behavior Expectations posters, Awards, Caught Being Good Tickets) to help all staff and students have a visual reminder throughout campus to help with consistency. We also have monthly attendance incentives (individual) to celebrate students who meet a monthly set goal. In addition, we have set individual goals with students and families and recognize the improved attendance with specific rewards (prizes) as part of the SART process. We have significantly increased the number of SART meetings held with those families struggling with chronic absenteeism.

We have maintained (6) Supervision Aides for the 2023-3024 school year to maintain consistent student supervision and safety on campus.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

We have met the intended implementation and the budget expenditures on planned versus actual for all attendance actions and services. We have come in a little under what was planned for extra duty coverage as we have met our goals, as well as student recognition awards and incentives.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We need to increase our focus on attendance and bridging the home/school connection to better meet the needs of students in this goal. We will be introducing the Capture Kids Hearts program sitewide through a district pilot to help with specific strategies for addressing areas of need within our school culture. We will be continuing to have 6 supervision Aides - increasing all 6 roles to be 4.5-hour positions with the open position we have from this year. We are adding in a behavior paraprofessional to assist with tier 2/3 strategies and ensure that we are adequately meeting the needs of our students who are struggling with behavior to help develop and maintain a stronger sense of safety schoolwide. We will be increasing the support we have for mental health and social-emotional support by contracting with Jewish Family Services to supplement services for small groups and individuals who have experienced traumas and developing skills that will allow them to better engage in learning.

Goals, Strategies, & Proposed Expenditures

Goal 1

Increase Academic Achievement

Goal Statement

Students will receive instruction and participate in activities at high levels of rigor to develop Depth of Knowledge in order to master standards needed to prepare them to be college and career ready. Instruction will be provided at the proficiency level for all standards with scaffolds in place as necessary based on student needs to access the grade level curriculum.

LCAP Goal

All Palm Springs Unified School District students will demonstrate mastery of grade level content and will graduate high school prepared with the academic and technical skills necessary for college and career success.

Identified Need

1. The Fall 2022 California School Dashboard indicates overall school performance in the Low-performance level in ELA and in the Low-performance level in Math. This indicates a need for continued improvement in both first instruction and intervention supports in both subjects.
2. All student groups declined in Distance from the Standard in both ELA and Mathematics compared to 2018-19 scores (prior to 2+ years of interrupted learning due to the pandemic).
3. Hispanic student groups are performing at a low status below standard in both ELA & Math. This is one of the largest student groups and is having a significant impact on overall levels of achievement for all students.
4. SWD outcomes are increasing at a lesser rate in mathematics than in the “All Students” group indicating a need for additional targeted support in both ELA and Math for those identified student groups.
5. Although overall most student groups have improved in Star test results through the 2022-22 academic year, student group placements will likely remain in the low and very low-status levels.
6. SWD reported potential proficiency rates of 6.4% (16.9% below the “all students” group) in Star Reading results.
7. SWD reported potential proficiency rates of 4.4% (6.1% below the “all students” group) in Star Math results.
8. ELPI results identify that over 60% of our English learners did not make adequate progress toward English proficiency in their ELPAC results.
9. Current reclassification rate for the school is 48.8%
10. Only 9.52% of our students performed at the Standard Met or Standard Exceeded level on the CAST (Science).
11. Our 3rd-grade students are performing with 22.9% Meeting or Exceeding which is near the school's overall percentage of 23%. This is below 26.5% of the 4th graders who performed at 26.5% meeting or exceeding and above the 18.9% of 5th graders who performed meeting or exceeding in 2021-22.

Planned Strategies/Activities

Strategy/Activity 1

Provide a variety of student engagement and enrichment opportunities with real world learning experiences to make connections and deepen understanding of academic standards (i.e. field trips, guest speakers, assemblies, etc.)

Students to be Served by this Strategy/Activity

- English Learner
- Students with Disabilities

- All
- Specific Student Groups:
Homeless

Timeline

7/1/2023 - 6/30/2024

Person(s) Responsible

Strategy/Activity 3

Teachers will collaborate and share best educational practices in core curriculum utilizing current data to target instruction and interventions to bridge the learning gaps. Planning will include both short and long term planning to target supporting the needs of specific sub-groups (ELL, Socioeconomically Disadvantaged, SWD, Homeless, etc). Teachers will progress monitor, score, and analyze their results on formative and summative assessments to help guide their instruction and create opportunities for additional support for students at-risk in academic goals. Targeted focus areas will be addressed vertically for systemic interventions/collaboration.

Students to be Served by this Strategy/Activity

Goals, Strategies, & Proposed Expenditures

Goal 2

Increase Parent and Community Partnerships

Goal Statement

Bubbling Wells will collaborate with families and community partners to further develop the connection between home and school while promoting and supporting student success that reflect the current needs of our students.

LCAP Goal

Palm Springs Unified School District will collaborate with families and our local communities to develop and maintain positive parent, student, and community involvement and engagement to promote and support student success.

Identified Need

1. We had only 55 families respond to the Panorama Survey which is one of our primary metrics for this goal.
2. Families are less engaged in after-school activities compared to prior to the pandemic due to a variety of reasons. More significant social events (Fall Festival, Movie Night, etc) have been the most successful in connecting with the community.
3. Staff needs assistance with more translation services to increase the ongoing communication between schools and families.
4. Intermediate students continue to struggle with developing independence, perseverance, and productive struggle because there has been a lot of direct instruction and guidance provided to fill in the holes created during distance learning and an interrupted return to school due to health reasons.

Measuring and Reporting Results

| Metric/Indicator | Baseline | Expected Outcome |
|--|--|--|
| Parent Participation in Stakeholder Input Processes | Parent Participation in Stakeholder Input Processes - 55 responses on Panorama /LCAP survey | Parent Participation in Stakeholder Input Processes - 100 responses on Panorama /LCAP survey |

Planned Strategies/Activities

Strategy/Activity 1

Secure (continue to secure) the supplemental services of classified support staff to help in maintaining school learning and academic learning for students. These extra duties may include: providing childcare/supervision, interpreting at conferences, back-to-school nights, open houses, family nights, etc. School staff will solicit parents & community members to volunteer, providing support to students, teachers, and the school as a whole. Parents and community members will continue to be encouraged to participate on school committees to provide feedback/suggestions to school operations and procedures.

Students to be Served by this Strategy/Activity

- English Learner
- Foster Youth
- Low Income
- Students with Disabilities

Goals, Strategies, & Proposed Expenditures

Goal 3

Maintain a Healthy and Safe Learning Environment

Goal Statement

The ultimate attendance goal in the Palm Springs Unified School District is for all students to attend school every day. There is a definite link between attendance and academic achievement. Students at Bubbling Wells will increase their attendance rate to a minimum of 96% in the regular 2021-22 school year. Bubbling Wells students will be educated in a safe and drug-free learning environment using the resources and programs identified by the District. The school will provide instruction and reinforcement for the characteristics of respectful, responsible and safe behavior for all students.

LCAP Goal

Palm Springs Unified School District will provide healthy and physically and emotionally safe learning environments that foster and support all students.

Identified Need

The attendance rate as of March 2020 prior to the COVID-19 school closure was 94.72%. Following the pandemic, our attendance rate has dropped 7.7% and is currently 84.3%. Though we have made progress and increased our attendance to 88.3% we are continuing to see high levels of chronic absenteeism and lower attendance compared to before the pandemic began.

The chronic absenteeism rate is 50.6% this school year which is a decrease from last year's 66.1% however this continues to be an area of need.

58% of all students felt safe at school based on Panorama Survey results with 71% of students responding favorably regarding knowledge and fairness of discipline, rules, and norms. Other means of correction have lowered the incidents of suspension/expulsion though we are continuing to work with individual students and families to decrease the 1% suspension rate and maintain the 0% expulsion rate.

71% of all students felt connected to school based on Panorama Survey results for a climate of support for academic learning.

More students are experiencing trauma and social-emotional-related concerns that are impacting social skills, behavior, attendance, and their ability to focus on learning while in class.

Other means of correction have lowered the incidents of suspension/expulsion though we are continuing to work with individual students and families to decrease the 1% suspension rate and maintain the 0% expulsion rate.

Planned Strategies/Activities

Strategy/Activity 1

All staff will utilize a combination of SEL Lessons (Second Step), Pyramid of Success & Capture Kids Hearts to teach expectations and positive character traits. Positive tiered behavior systems will be continued/further developed to encourage and acknowledge students meeting behavioral expectations throughout the day. Additional instructional materials that reflect these ideals will be purchased as needed for grade-level/classroom use. Administrators and teachers will provide SEL and academic rewards for students that include but are not limited to: student of the month awards, trimester awards, student store, and student celebrations.

Students to be Served by this Strategy/Activity

- English Learner
- Students with Disabilities
- All
- Specific Student Groups:
Homeless and foster and white.

Strategy/Activity 5

The Behavior Paraprofessional will focus on positive behavior interventions for students who are eloping or disrupting the classroom learning environment. The behavior para will support tier 2/3 students both inside and outside the classroom based on the goals to address the functions of the behavior identified through the data based MTSS process. Opportunities to learn positive behavior skills will occur based on student need, which may include: in the classroom and recess activities (proactive social skills focus) Support in the classroom may include: check-in/check-out support, providing short-term breaks, redirecting student behavior and focusing on learning. In addition to other responsibilities, the behavior paraprofessional will be focused on the connection to parents through conferences and phone calls and will attend SST meetings for students they support. The goal is to give the student the feeling that the "village" is supporting the students' efforts at improvement and connection within the school.

| School Goal #3: Maintain Healthy and Safe Learning Environment | | | | |
|---|-----------------------------------|---|-----------------------|---|
| Actions to be Taken to Reach This Goal | Start Date Completion Date | Proposed Expenditure | Estimated Cost | Funding Source (itemize for each source) |
| Consider all appropriate dimensions (e.g. , Teaching & Learning, Staffing, & Professional development | | | | |
| Conscious Education Professional Development | July 1, 2023 - June 30, 2024 | Training, substitutes and accompanying books and materials. | 3,703 | Title IV |
| Youth Mental Health First Aid Training | July 1, 2023 - June 30, 2024 | Training and accompanying books and materials | 2,962 | Title IV |

Note: Centralized services may include the following direct services:

- *Evidence-based instructional strategies, curriculum development, school climate, and data disaggregation for instructional staff*
- *District-wide staff providing specific services to schools, e.g., English Language Development Coordinator, Teachers on Special Assignment, Instructional Coaches*
- *After-school and Summer School programs funded by categorical programs*
- *Data analysis services, software, and training for assessment of student progress*

Centralized Services do not include administrative costs.

Budget Summary and Consolidation

Complete the table below. Schools may include additional information. Adjust the table as needed. The Budget Summary is required for schools funded through the ConApp, and/or that receive funds from the LEA for Comprehensive Support and Improvement (CSI).

Budget Summary

| Description | Amount |
|---|--------------|
| Total Funds Provided to the School Through the Consolidated Application | \$174,751 |
| Total Federal Funds Provided to the School from the LEA for CSI | \$ |
| Total Funds Budgeted for Strategies to Meet the Goals in the SPSA | \$485,503.00 |

Allocations by Funding Source

| Funding Source | Amount | Balance |
|------------------------------------|---------|---------|
| Title I | 171,693 | 0.00 |
| Title I Part A: Parent Involvement | 3,057 | 0.00 |
| LCFF | 310,753 | 0.00 |

Other Federal, State, and Local Funds

List the additional Federal programs that the school is including in the schoolwide program. Adjust the table as needed. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

| Federal Programs | Allocation (\$) |
|------------------------------------|-----------------|
| Title I | \$171,693.00 |
| Title I Part A: Parent Involvement | \$3,057.00 |

Subtotal of additional federal funds included for this school: \$174,750.00

List the State and local programs that the school is including in the schoolwide program. Duplicate the table as needed.

| State or Local Programs | Allocation (\$) |
|-------------------------|-----------------|
| LCFF | \$310,753.00 |

Subtotal of state or local funds included for this school: \$310,753.00

Total of federal, state, and/or local funds for this school: \$485,503.00

Expenditures by Funding Source

| Funding Source | Amount |
|------------------------------------|------------|
| LCFF | 310,753.00 |
| Title I | 171,693.00 |
| Title I Part A: Parent Involvement | 3,057.00 |

Expenditures by Budget Reference

| Budget Reference | Amount |
|--|---------------|
| 1000-1999: Certificated Personnel Salaries | 11,128.00 |
| 2000-2999: Classified Personnel Salaries | 156,011.00 |
| 3000-3999: Employee Benefits | 93,164.00 |
| 4000-4999: Books And Supplies | 77,536.00 |
| 5000-5999: Services And Other Operating Expenditures | 147,664.00 |

Expenditures by Budget Reference and Funding Source

| Budget Reference | Funding Source | Amount |
|--|------------------------------------|------------|
| 1000-1999: Certificated Personnel Salaries | LCFF | 6,000.00 |
| 2000-2999: Classified Personnel Salaries | LCFF | 101,909.00 |
| 3000-3999: Employee Benefits | LCFF | 54,344.00 |
| 4000-4999: Books And Supplies | LCFF | 58,500.00 |
| 5000-5999: Services And Other Operating Expenditures | LCFF | 90,000.00 |
| 1000-1999: Certificated Personnel Salaries | Title I | 3,071.00 |
| 2000-2999: Classified Personnel Salaries | Title I | 54,102.00 |
| 3000-3999: Employee Benefits | Title I | 38,820.00 |
| 4000-4999: Books And Supplies | Title I | 18,036.00 |
| 5000-5999: Services And Other Operating Expenditures | Title I | 57,664.00 |
| 1000-1999: Certificated Personnel Salaries | Title I Part A: Parent Involvement | 2,057.00 |
| 4000-4999: Books And Supplies | Title I Part A: Parent Involvement | 1,000.00 |

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members

| Name of Members | Principal | Classroom Teacher | Other School Staff | Parent or Community Member | Secondary Students |
|---|-----------|-------------------|--------------------|----------------------------|--------------------|
| Jennifer Geyer | X | | | | |
| Tanya Torres | | | | X | |
| Stacey LeClair | | | | X | |
| Janet Cardoso | | | | X | |
| Ezequiel Flores | | | | X | |
| Halie Sievers | | | | X | |
| Susana Leon | | | X | | |
| Jackie Collins-Schmitt | | X | | | |
| Kris Woody | | X | | | |
| Alicia Lind | | X | | | |
| Numbers of members of each category: | 1 | 3 | 1 | 5 | |

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

| Signature | Committee or Advisory Group Name |
|---|---|
|  | English Learner Advisory Committee |
|  | Other: BW Leadership Team (Grade Level Leads) |

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on October 25, 2023.

Attested:

| | |
|---|--|
|  | Principal, Mrs. Jennifer Geyer on 10/25/23 |
|  | SSC Chairperson, Halie Sievers on 10/25/23 |

Title I and LCFF Funded Program Evaluation

Goal #1:
 Students will receive instruction and participate in activities at high levels of rigor to develop Depth of Knowledge in order to master standards needed to prepare them to be college and career ready. Instruction will be provided at the proficiency level for all standards with scaffolds in place as necessary based on student needs to access the grade level curriculum.

| Actions/ Activities (Strategies) | What is working and why? (Effective indicators) <i>Specific evidence/indicators of success/effectiveness in implementing this activity or strategy, including:</i> | What is not working and why? (Ineffective indicators) <i>Specific evidence/indicators showing that this activity or strategy is not working, including:</i> | Modification(s) based on evaluation results <i>Continue or discontinue and why?</i> |
|---|--|---|---|
| Provide a variety of student engagement and enrichment opportunities with real world learning experiences to make connections and deepen understanding of academic standards (i.e. field trips, guest speakers, assemblies, etc.) | | | |
| ELA Tier 2 intervention: Classroom paraprofessional aide to help support our Tier 2 model in Intensive and Strategic classrooms with a focus in guided reading and early literacy/foundational skills | | | |
| Teachers will collaborate and share best educational practices in core curriculum utilizing current data to target instruction and interventions to bridge the learning gaps. Planning will include both short and long term planning to target supporting the needs of specific sub-groups (ELL, Socioeconomically Disadvantaged, SWD, Homeless, etc). Teachers will progress monitor, score, and analyze their results on formative and summative assessments to help guide their instruction and create opportunities for additional support for students at-risk in academic goals. Targeted focus areas will be addressed vertically for systemic interventions/collaboration. | | | |
| Supplemental instructional and technology supplies (including, but not limited to: headphones, classroom manipulatives, leveled readers, decodable texts, science materials, ELMOs, toner, projector bulbs, headphones/earbuds, teacher technology and instructional | | | |

| | | | |
|--|--|--|--|
| material/devices, technology devices for student use, laptops, printers, etc. | | | |
| Administration and teachers will identify professional development needs and increase staff efficacy on needed skills through identified conferences and training. Professional development opportunities include, but are not limited to: Consultants, RCOE PD opportunities, Science, Math, Leadership, SOR, Writing, and UDL | | | |
| Supplemental Instructional and Technology Supplies: subscriptions, online e-subscriptions and software licenses to increase rigor and support student learning in the core subjects (math, ELA, science, social studies, PE). Licenses and on-line subscriptions include, but are not limited to: Lap tracker, Learning Dynamics, math supplemental programs | | | |
| Bilingual personnel support members will be provided to teachers to assist in the areas of ELD materials implementation support, communication/translation with parents and students, presentation of materials to students, assisting classroom teachers with instructional strategies, materials and resources. | | | |
| | | | |

Goal #2:

Bubbling Wells will collaborate with families and community partners to further develop the connection between home and school while promoting and supporting student success that reflect the current needs of our students.

| Actions/ Activities (Strategies) | What is working and why? (Effective indicators) | What is not working and why? (Ineffective indicators) | Modification(s) based on evaluation results |
|--|--|---|--|
| | <i>Specific evidence/indicators of success/effectiveness in implementing this activity or strategy, including:</i> | <i>Specific evidence/indicators showing that this activity or strategy is not working, including:</i> | <i>Continue or discontinue and why?</i> |
| Secure (continue to secure) the supplemental services of classified support staff to help in maintaining school learning and academic learning for students. These extra duties may include: providing childcare/supervision, interpreting at conferences, back-to-school nights, open houses, family nights, etc. | | | |

| | | | |
|--|--|--|--|
| School staff will solicit parents & community members to volunteer, providing support to students, teachers, and the school as a whole. Parents and community members will continue to be encouraged to participate on school committees to provide feedback/suggestions to school operations and procedures. | | | |
| Administration and school staff will engage parents in ongoing/updated communication and activities. Administration and school staff will participate and seek to partner with community groups and members to mutually benefit students and the community. This will include the cost of memberships and subscriptions to enhance communication and target student needs. | | | |
| Administration and staff in partnership with SSC, ELAC and PTA will provide Parent Education Trainings to address areas of identified focus (ie, mental health, home/school connection, literacy, science, math, etc.) Training for parents may occur through consultants, workshops, conferences and other activities. | | | |
| Provide opportunities for parents to communicate & collaborate with MTSS school teams on instructional programs/interventions to support their students' needs. Provide release time by a substitute and/or stipends for teachers to plan for & participate in these additional meetings. | | | |
| Purchase and train students to implement student planners as part of the home-school communication connection, while helping students develop positive study habits that will help them track academic goals, assignments and completion of instructional tasks. | | | |

Goal #3:

The ultimate attendance goal in the Palm Springs Unified School District is for all students to attend school every day. There is a definite link between attendance and academic achievement. Students at Bubbling Wells will increase their attendance rate to a minimum of 96% in the regular 2021-22 school year. Bubbling Wells students will be educated in a safe and drug-free learning environment using the resources and programs identified by the District. The school will provide instruction and reinforcement for the characteristics of respectful, responsible and safe behavior for all students.

| Actions/ Activities (Strategies) | What is working and why? | What is not working and why? | Modification(s) based on evaluation results |
|---|---------------------------------|-------------------------------------|--|
|---|---------------------------------|-------------------------------------|--|

| | (Effective indicators) <i>Specific evidence/indicators of success/effectiveness in implementing this activity or strategy, including:</i> | (Ineffective indicators) <i>Specific evidence/indicators showing that this activity or strategy is not working, including:</i> | <i>Continue or discontinue and why?</i> |
|---|---|--|---|
| All staff will utilize a combination of SEL Lessons (Second Step), Pyramid of Success & Capture Kids Hearts to teach expectations and positive character traits. Positive tiered behavior systems will be continued/further developed to encourage and acknowledge students meeting behavioral expectations throughout the day. Additional instructional materials that reflect these ideals will be purchased as needed for grade-level/classroom use. Administrators and teachers will provide SEL and academic rewards for students that include but are not limited to: student of the month awards, trimester awards, student store, and student celebrations. | | | |
| Six (6) Supervision Aides to maintain consistent student supervision on campus. | | | |
| To increase student engagement and attendance, the school will monitor and celebrate students/classes/parents who increase targeted attendance and overall student engagement through student recognition programs and awards. Parents and families will be encouraged to work with & help students meet the established whole group and individual goals that are set to develop positive attendance habits. Awards may include, but are not limited to: certificates, class and individual student rewards. | | | |
| Capturing Kids Hearts Training and Coaching - experiential training and expert coaching of the Capturing Kids Hearts research-based process to improve school performance and safety (strengthened school connectedness, decrease in discipline referrals, increased attendance, reduced negative behaviors, improved academic performance). The training includes a character-based curriculum for students (including personalized support) that will allow teams to build meaningful, productive relationships | | | |

| | | | |
|--|--|--|--|
| <p>with every student and colleague; use the CKH EXCEL teaching model to create safe, effective learning environments for learning, develop self-managing, high-performing classrooms, using team building skills and Social Contract, techniques for dealing with conflict, negative behavior, and disrespect issues.</p> <p>Pilot program and salaries to be paid by district funds.</p> | | | |
| <p>The Behavior Paraprofessional will focus on positive behavior interventions for students who are eloping or disrupting the classroom learning environment. The behavior para will support tier 2/3 students both inside and outside the classroom based on the goals to address the functions of the behavior identified through the data based MTSS process. Opportunities to learn positive behavior skills will occur based on student need, which may include: in the classroom and recess activities (proactive social skills focus) Support in the classroom may include: check-in/check-out support, providing short-term breaks, redirecting student behavior and focusing on learning. In addition to other responsibilities, the behavior paraprofessional will be focused on the connection to parents through conferences and phone calls and will attend SST meetings for students they support. The goal is to give the student the feeling that the "village" is supporting the students' efforts at improvement and connection within the school.</p> | | | |
| <p>Contract Mental Health Services through Jewish Family Services to provide approximately 2 additional days weekly throughout the year of Mental Health support for students identified through the MTSS process. Focus of this action will be to supplement and provide social-emotional skills and strategies for students to better focus on learning and support the overall connection with school and a classroom environment focused on learning at high levels.</p> | | | |
