

# The School Plan for Student Achievement

**School:** Cahuilla Elementary School  
**CDS Code:** 33671736032395  
**District:** Palm Springs Unified School District  
**Principal:** Ryan E. Saunders, Ed.D.  
**Revision Date:** 07/01/2018-06/30/2019

X This certifies that updates to my SPSA are completed

The School Plan for Student Achievement (SPSA) is a plan of actions to raise the academic performance of all students. California Education Code sections 41507, 41572, and 64001 and the federal Elementary and Secondary Education Act (ESEA) require each school to consolidate all school plans for programs funded through the ConApp and ESEA Program Improvement into the SPSA.

For additional information on school programs and how you may become involved locally, please contact the following person:

**Contact Person:** Dr. Ryan E. Saunders  
**Position:** Principal  
**Phone Number:** 760-416-8161  
**Address:** 833 E. Mesquite Avenue  
Palm Springs, CA 92262-0119  
**E-mail Address:** rsaunders@psusd.us

**The District Governing Board approved this revision of the SPSA on November 27, 2018.**

## School Vision and Mission

### Cahuilla Elementary School's Vision and Mission Statements

PSUSD & Cahuilla Vision:

Lifelong learning start here.

PSUSD Mission: All members of PSUSD are united in our commitment to equity. We create deep, meaningful learning opportunities, build professionalism, and engage parents and community, to ensure success for all students. All students graduate with the skills, capacities and confidence needed to succeed in a rapidly changing world.

Cahuilla Mission- Personnel:

The staff of Cahuilla elementary will utilize scheduled planning time to respectfully collaborate and discuss ideas to improve the teaching process; Planning time will be used to guide the implementation of curriculum which will directly impact student achievement; Teachers will analyze student data, share effective research-based teaching strategies, and conscientiously implement the agreed upon action plan; Staff will share common goals for student behavior and academic success.

Cahuilla Mission- School Climate:

In order to advance our shared vision of an exemplary school we will work collaboratively and treat each other with respect; Achieve a safe, clean, and positive learning environment; Promote school unity and pride where staff and students want to be; and Implement a conflict-management model and recognition for good behavior throughout all grade levels.

Cahuilla Mission- Parents/Community:

At Cahuilla elementary we will increase community and parental involvement; We will implement a volunteer program, provide donations, facilitate community relations, and generate school resources. Parents are valued as an integral part of our school community.

## School Profile

Cahuilla Elementary School is located in Palm Springs, California. Cahuilla serves approximately 538 students in grades kindergarten through fifth. Our demographics are as follows: 70.63% of the students are Hispanic, 13.57% are White, 7.99% are African American, and 4.47% are Filiino/Asian, and less than 1% represent Am. Indian/Alaskan Natives.

We are proud to be an 1:1 Chromebook school. All students in Kindergarten-5th grade are provided a computer for use during instruction. We believe our students, as twenty-first century learners, need technology to be competitive not only in their academic careers but for college and beyond. We are excited to offer this program to our students and are very proud of our students for excelling in technology.

Our school evaluates the effectiveness of our SPSA after SBAC scores are released, and our SSC and Leadership Team had the opportunity to review all student achievement data. Monitoring comments will be added to our SPSA throughout the year. Revisions to our SPSA, and subsequent Board approval, occurs if there are substantial budget and /or material changes during the school year.

The SPSA is updated annually by the Cahuilla School Site Council. Our school works with the district to be in alignment with the LEA plan for Palm Springs Unified School District. To provide a cohesive effort at achieve site, district, state, and federal goals we work in conjunction with the district on the following: benchmark exams, pacing guides aligned to state standards, development of the our school plan, and development of school budget.

Special Education:

Content and Performance Standards

Instruction within a collaborative service delivery model will reflect content and performance standards and will ensure access to the core curriculum for all students. We have two models: Resource and Self-Contained Day Class. All special education students are mainstreamed to the greatest level according to least restrictive environment, and interact with their general education peers in a variety of academic and social settings. They participate in the same assessments models, with appropriate accommodations and supports, as their general education peers. Our speech language pathologist (SLP) provides support to struggling students through

an Response to Intervention (RtI). He/she supports students through classroom-based interventions an/or working collaboratively with a team a of educators. The SLP is available to explain the role language plays in curriculum, assessment and instruction. He/she can explain the interconnection between spoken and written language and collaborates with educators to scientifically based literacy assessment and intervention approaches. SLP provides support to students through an RtI model that provides duration, intensity, and type of service that a student with communication disabilities may need. SLP will collaborate with classroom teachers to provide services and support for student with communication disabilities including support through evidence based practices for speech and/or language services or RtI interventions at any Tier. He/she will conduct expanded speech sound error screening for K students to track student at risk and intervene with those who are highly stimulable and may respond to intense short-term interventions during a prolonged screening process rather than being placed in special education.

#### Assessment Strategies

Teachers use a variety of assessments for various assessment purposes. Diagnostic assessments are used to determine reading levels of all students at Cahuilla. Formative assessments are typically teacher created using the PLC model, and are used to inform instruction and tailor it to students' needs. A variety of informal assessments are used to check for understanding between formative assessments. Interim assesments, generated by PSUSD, are used to measure progress towards end of year expectations. Finally, end of year assessments, SBAC and PSUSD generated, are used to determine overall mastery. In addition, ELPAC is used to assess the progress of English Language Learners.

#### Instructional Strategies

Cahuilla implements a tiered approach to meeting the cognitive and affective needs of students. We have a tiered response system for academics and the socio-emotional development of students.

#### ACADEMICS:

Tier 1: Best First Instruction--teachers work collaboratively using the PLC model to develop Units of Study that incorporate the adopted core curriculum and approved supplemental resources. They are directly aligned with the pacing established by PSUSD, and use research based strategies to design learning experiences for students. As a part of this Tier 1--all students are regrouped within their classroom in to one of three levels: Intensive, Strategic, and Benchmark/Advanced, and students are given additional instruction at their level of need. Instruction is guided by formal and informal formative assessments, and progress towards mastery are monitored by interim assessments known as benchmarks. During the day, students are regrouped across the grade level to target language development (Designated ELD), and all students receive language development support at their level; even if they are native English speakers. Tier II- students who need additional support receive support from Literacy Action Plans, Guided Reading, small group instruction as needed. Tier III--Teacher Tutoring, district provided SES tutoring, and after school program support are all in place. The SST process is used to target the level of support for students, including referrals to special education if necessary. A key to this tiered program being successful is the deliberate placement of students. All classes have a heterogeneous grouped instructional setting, and students are then homogeneously grouped within their classroom for additional support. 100% of students receive a reading ability screening via DIBELS each year. In addition, all students are afforded the opportunity to be GATE assessed via teacher, parent, and grade-wide screening in third grade. Teachers will use the SMART goal model to develop goals to drive learning. ELA, Math, ELD, Science/History have minimum blocks of instructional minutes to be met each week. Cahuilla has a system in place to ensure all Grade 1-5 students receive 100 minutes of physical education.

#### SOCIO-EMOTIONAL:

Tier 1: Best First Instruction--the program Second Steps is being adopted. This curriculum has a two pronged approach: socio-emotional learning and bully prevention. These curricula will be integrated into the Units of Student when appropriate, and may be stand alone instructional blocks as well. We are also hiring and establishing a school counselor position who will support students and staff in the delivery of these instructional models. Cahuilla is also implementing the Playworks Program, or structured recess, to ensure students are taught appropriate social skills when interacting on the playground and prevent bullying. Tier II-When students need additional help, they will enter into the SST process. The school counselor will be available to provide small group training for targeted behavior replacements, as well as general counseling in socio-emotional development. Students who demonstrate a greater need will move into Tier III--where they can be supported by the Solutions Room person, who will work and counsel students dealing who struggle with coping in the everyday instructional setting. In additiona, we are partnering with PSUSD Mental Health to provide group and or family counseling/therapy to those in need.

#### Pre-School:

To ensure a smooth transition from Early Childhood Education (ECE) to Kindergarten, one Kindergarten teacher from each elementary school will meet three times each year with ECE teachers to discuss the necessary skills needed for a successful ECE to Kindergarten transition. These meetings will be held at the District Office and facilitated by the ECE Principal who shall gather input from the elementary school principals and/or Kindergarten department leads. In the spring of each year, the parents of ECE students will have the opportunity to attend an informational Kindergarten meeting at the elementary school to meet the elementary school principal and Kindergarten teachers. The ECE parents will be provided with instructional materials and supplies to assist their students over the summer. The incoming ECE students will also have the opportunity to visit the Kindergarten classrooms in the spring. These articulation efforts and meetings will be supported through centralized Title I funds.

#### Instructional Materials

Wonders Core & Lexia Supplemental-ELA, Bridges Core & Dream Box Supplemental-Math, Wonders-Science, and Reflections - Social Studies resources along with supplemental materials. Supplemental resources include Read Works or NewsELA to provide supplemental resources for informational text.

\*\*\*\*\*

Cahuilla Elementary School receives a portion of services that are centrally managed by the District. Some of these services include curriculum and instructional support, local testing services, data analysis training, collaboration training, intervention assistance, professional development, and early childhood education. Funds are centrally allocated as follows:

- Title I Supplemental Education Services (SES)
- Title I Program Improvement -
- Title I Professional Development
- Title I Parent Participation -
- Title I Homeless Education
- Title I Early Childhood Education (ECE)

Other site services provided by the district include those funded with Title II, Title III, and Economic Impact Aide.

**SPSA Highlights:** Identify and briefly summarize the key features of this year's SPSA

**Academic:**

Decrease in money spent on intervention software and extended ELD programs and an increase in funding spent on Designated ELD. Funds have also been redirected to increase socio-emotional support of students; which is appropriate when looking at the increased suspension rates and socio-economic needs of students.

**Socio-emotional: A Tiered Program**

Implementation of School Counselor

Implementation of Playworks

Implementation of SEL and Bully Prevention Curriculum

Implementation of Solutions Room personnel.

## Needs Assessment – Review of Performance

Based on a review of performance on the state indicators and local performance indicators included in the California School Dashboard, progress toward SPSA goals, local self-assessment tools, stakeholder input, or other information, what progress is the school proudest of, and how does the school plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

### Greatest Progress

As of the most recent CELDT report, our increasing language proficiency has been our great area. We are a "cool blue" on the dashboard. Increase student attendance. We had more than a 1% growth in school wide attendance. Suspension rates for African Americans went from Orange to Green and Hispanics went from Orange to Yellow. All other subgroups maintained orange status. Interestingly, I am not sure that these areas of greatest progress are directly related to strategies outlined in the SPSA. With this being said, Cahuilla will begin defunding some strategies we felt did not have a direct impact or positive impact on outcomes these positive progress areas, and instead, will look at funding more targeted and direct strategies to continue the growth we see in these areas mentioned.

Referring to the California School Dashboard, identify any state indicator or local performance indicator for which overall performance was in the "Red" or "Orange" performance category. Additionally, identify any areas that the school has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the school planning to take to address these areas with the greatest need for improvement?

### Greatest Needs

There is a continued need to increase Math achievement across all grade levels and in all subgroups (currently orange). In addition, there is a need to increase ELA achievement across all grade levels in all subgroups (currently orange). We experienced a small dip in proficiency to orange on the dashboard in ELA and Math in all subgroups, save white students--who moved up to green in Math. We also need to decrease schoolwide suspension rates. Though we are not significantly disproportionate in any subgroup, overall there was a 1.7% increase (currently orange); despite a decrease in suspension rates in African American & Hispanic student. To increase ELA and Math proficiency, we need a "framework" for driving instructional delivery and providing Best First Instruction, as well as, a schoolwide approach to discipline with strategies to meet the academic and SEL needs of Cahuilla students. Our primary focus was on funding people to help implement a Core Support program. This has yielded inconsistent results. We will be looking at implementing the Kagan framework and looking at bringing a school counselor to the staff to meet the needs of students, as well as implementing an SEL curriculum. There are strategies in place to improve ELL achievement, and though we did improve EL achievement, I am not confident in a direct correlation between the strategies/actions and the achievement results. We will be looking to identify and fund strategies that removes this ambiguity and more clearly demonstrates a direct correlation. In terms of increasing attendance, Saturday was very effective and that will continue, but we still need strategies for preventing chronic absenteeism, and not just increasing the attendance rate. In terms of suspension rates, an administrative and team approach to exhausting OMC, helped reduce suspension rates in two subgroups, but a more schoolwide approach is necessary to reduce the overall suspension rate for the school.

Referring to the California School Dashboard, identify any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. Additionally, identify any areas in which the school has determined there are significant performance gaps based on review of local performance indicators or other local indicators. What steps is the school planning to take to address these performance gaps?

### Performance Gaps

In English Language Arts, the average performance was Orange in ELA. The following subgroups performed at the same orange level as all students. These subgroups are EL, SED, Hispanic, White. In Math, the overall performance of all students was Orange. All subgroups, aforementioned, are orange as well; with the exception of white, who are green and performing above the all students average. Cahuilla data indicates there is no significant gap in the performance of subgroups and overall students. There is, however, still a need to dramatically increase student achievement in ELA and Math in all subgroups.

## **Comprehensive Needs Assessment Components**

### Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

### Surveys

This section provides a description of surveys (i.e., Student, Parent, Teacher) used during the school-year, and a summary of results from the survey(s).

#### 2017/2018 Panorama Survey Results:

The Panorama Survey provides feedback from students, parents, and staff on a variety of aspects. In the student survey covers the following, 1) Climate of Support for Academic Learning, 2) Knowledge and Fairness of Discipline and Norms, 3) Safety, and 4) Sense of Belonging. For the SEL survey, students are surveyed on Grit, Growth Mindset, Self-Efficacy, Self-Management, and Social Awareness.

#### Culture & Climate Student Survey Results:

Climate of Support: Cahuilla 77% favorable as compared to 79% favorable for PSUSD.

Knowledge of Fairness of Discipline, Rules, and Norms: 78% favorable as compared to 80% favorable for PSUSD.

Safety: 66% favorable as compared to 65% favorable for PSUSD.

Sense of Belonging (School Connectedness): 76% favorable as compared to 79% favorable for PSUSD.

#### Conclusion:

A favorable response means that students responded to each of the questions with a response that is favorable of the survey topic. Favorable responses indicate this area is not a concern for this student. The higher percentage of favorable responses means a higher percentage of students see each of these subjects as a positive or strong aspect of Cahuilla Elementary. Right away, you can see that the percentage of favorable students responses for safety is not acceptable. This will be a primary goal for Cahuilla in the 2018/2019 school year. The other three areas have an opportunity to for growth and will also be addressed in the SPSA. The specific areas to target: pushing or hitting, fear of being beaten up or having rumors spread about them.

#### SEL Student Survey:

Grit: score of 4.0--in the 80-99th percentile compare to others nationally.

Growth mindset: 3.2--in the 0-19th percentile compared to others nationally.

Self-efficacy: 3.7--60-79th percentile compared to others nationally

Self-management: 4.0--40-59th percentile compared to others nationally.

Social Awareness: 4.0--80-90th percentile compared to others nationally.

#### Conclusion:

The 80-90th percentile is the highest ranking. A color system is also used to indicate areas of concern. All areas, except for growth mindset are green. This means that even though they are not in the highest percentile, they are still not a concern and overall, represent favorable responses from students on these topics. Right away, it is obvious that growth mindset is a concern. This will be

a primary goal in the 2018/2019 SPSA for our students socio-emotional learning. The specific areas to target: Students perceive their intelligence is fixed, they must be naturally smart in a subject to succeed, and there are some things they believe they are incapable of learning.

**Staff Survey:**

This area assessed four areas: 1) Climate of Support for Academic Learning, 2) Knowledge and Fairness of Discipline, Rules, and Norms, 3) Safety, and 4) Sense of Belonging (School Connectedness). The results of this survey are interpreted the same as the Student Culture and Climate Assessment. High percentages of favorable responses are desirable.

Climate & Support for Academic Learning: 90% favorable as compared to 93% favorable for PSUSD.

Knowledge & Fairness of Discipline, Rules, and Norms: 73% favorable as compared to 86% favorable for PSUSD.

Safety: 77% favorable as compared to 79% favorable for PSUSD.

Sense of Belonging (School Connectedness): 64% favorable as compared to 80% favorable for PSUSD.

**Conclusion:**

Knowledge & Fairness of Discipline, Rules, and Norms, as well as Sense of Belonging are the two major areas of focus. They are well below the district average of favorable responses and indicate there is a concern. Specific Areas to target: Clearly communicating consequences to students and the handling of discipline problems fairly. For Sense of Belonging, the specific areas to target: adults having professional relationships with each other, participation in decision making, adults feeling a responsibility to improve this school.

**Family Survey:**

The Family survey assesses the exact same four areas as previously mentioned.

Climate of Support for Academic Learning: 98% favorable--80-99th percentile compared to others nationally.

Knowledge & Fairness of Discipline, Rules, and Norms: 95% favorable-60-79th percentile compared to others nationally.

Safety: 96%--80-99th percentile as compared to others nationally. Sense of Belonging: 95%--80-99th percentile as compared to others nationally.

**Conclusion:**

There are no major outliers of concern. The area where improvement could occur is the Knowledge & Fairness of Discipline, Rules, and Norms. A review of more specific data shows that 94% favorable response towards fair discipline. There will not likely be a specific goal in this area.

### **Analysis of Current Instructional Program**

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

### **Standards, Assessment, and Accountability**

#### **1. Use of state and local assessments to modify instruction and improve student achievement (ESEA)**

Palm Springs Unified School District provides training in the use of our computer based data analysis program, School City. This program allows us to analyze student assessments on the SBAC and ELPAC Tests, and curriculum-embedded and district benchmark assessments. In grade level teams teachers meet six times per year to analyze these assessments and associated state data using OARS. They discuss and review researched-based instructional strategies, set individual student goals, and develop grade-level SMART goals and action plans to improve student achievement. The action plans can include: modifying pacing, depth and complexity, and effective use of researched based instructional strategies. Students are also identified and placed in flexible instructional groups for within the school day interventions and enrichment in English Language Arts and math. Additionally, students are identified for after school enrichment and interventions to support student achievement. LEA ASSESSMENTS WILL BE THE PRIMARY FOCUS OF DATA ANALYSIS DUE TO CAHUILLA BEING FROZEN IN AYP/API AS THE STATE TRANSITIONS TO COMMON CORE. DIBELS Next/Fluency, End of Unit Assessments, and Short Cycle Assessments will be used to monitor student achievement for all students, including EL's, and be used to drive placement in RTI programs. DIBELS is the benchmark driving RTI instruction to support the district's early literacy plan.

The library tech will be provided additional time to go into classrooms and provide designated ELD support for classes with English Learners (to the greatest extent possible).

### **Staffing and Professional Development**

#### **2. Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)**

Palm Springs Unified School District has a strategic professional development plan to ensure that all schools achieve our district, state, and federal goals. Professional development is aligned to standards-based instruction and upon the assessed needs of our students and staff needs. Our district is committed to developing our professionals and has dedicated eight days of professional development each year to address Professional Learning Communities, standardsbased instruction, and researched based instructional strategies. To ensure a cohesive approach to reaching our district, state, and federal goals Cahuilla Elementary provides professional development aligned with our district's strategic professional development plan. Our professional development is standards-based and based upon the assessed student performance and professional needs of our site. It includes: Professional Learning Communities data team training, researched based instructional strategies (Direct Instruction, Specifically Designed Academic Instruction in English, Response to Instruction, Write from the Beginning, and Step Up to Writing).

Students in grades 3-5 are trained in understanding their digital footprint and citizenship.

Ongoing PD will continue to focus on the implementation of Common Core Standards. Weekly professional development occurs on a variety of topics and CCSS will be a major focus. These include walk-throughs, consultant trainings, on site consultants, and district TOSA's.

3. Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

TOSA's continue to provide support on a weekly basis regarding common core, DIBELS, and technology.

4. Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

Teachers participate in the on-site PLC's, TK Collaborations, K-1 Literacy Action Plans, and Leadership Team Meetings.

### Teaching and Learning

5. Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

Actions within this plan are aligned to researched-based practices.

Palm Springs Unified School District has adopted State approved curriculum in Reading, Math, Social Studies and Science that focus on state adopted performance standards. In the elementary schools, Wonders for ELA in grades K-5, bridges is used for Math, Harcourt Brace is used for Social Studies, Wonders is used for ELD instruction, and Houghton Mifflin is used for Science.

6. Availability of standards-based instructional materials appropriate to all student groups (ESEA)

Palm Springs Unified School District provides standards-based instructional materials approved by the California Department of Education to all students. Our district provides additional instructional materials support to school sites through our Reprographics Department and warehouse. They furnish schools with copies of weekly tests, decodable materials, and our warehouse stocks consumable materials. Additionally, district funds pay for all consumable materials each year, including standards-based Foss Science Kits, Science, Social Studies, and English Language Arts and Math workbooks. School funds are used to purchase supplemental standards-based instructional materials to support the core curriculum.

### Opportunity and Equal Educational Access

7. Services provided by the regular program that enable underperforming students to meet standards (ESEA)

Services are provided by both Palm Springs Unified School District and Cahuilla's regular programs to enable underperforming students meet standards. Services offered by the district include: standards-based curriculum materials, professional development, data-analysis programs, services to homeless students, childcare, health services and testing services. Cahuilla's programs include: professional development, supplemental standards-based instructional materials for intervention classes within the school day, after school intervention classes, parent involvement and education training, bilingual instructional aides in the classrooms to support English Language Learners, substitute costs associated with Student Success Team meetings, and data analysis team meetings both focused on creating action plans to support under-performing students.

### Parental Involvement

8. Resources available from family, school, district, and community to assist under-achieving students (ESEA)

Palm Springs Unified School District provides a variety of resources for schools to assist students and they are: school psychologist, resource specialist teacher, nurse, community aide, teacher on special assignment for: Gifted and Talented Education Program, science, math, and English Language Development. Cahuilla provides resources to assist students including: additional supervision aides and parent volunteers. In addition, Cahuilla has a wonderful partnership with the Palm Springs Rotary. They support our school through: classroom volunteers, donating over 100 books to the library each year as well as dictionaries, thesaurus, and an atlas for every student in grades 3-5, money for hand held radios to ensure communication and safety, school uniforms, adopting two families at the holidays, and money for additional items as the need arises.

## Funding

### 9. Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

Services are provided by both Palm Springs Unified School District and Cahuilla's categorical funds to enable underperforming students meet standards. Centralized district categorical funds are used for standards-based curriculum materials, professional development, intersession, data-analysis programs, services to homeless students, childcare, health services, and testing services. Cahuilla's categorical funds are used to provide professional development, supplemental standards-based instructional materials for intervention classes within the school day, after school intervention classes, parent involvement and education training, bilingual instructional aides in the classrooms to support English Language Learners, substitute costs associated with Student Success Team meetings, and data analysis team meetings both focused on creating action plans to support underperforming students. To support students not meeting grade level standards, provides teacher tutoring, support in the ASES program, and the PSUSD SES Tutoring services.

## **Description of Barriers and Related School Goals**

Cahuilla Elementary School places a high priority on student and school success and participation in school activities. District community aides and the office of Child Welfare and Attendance support the school and specific families struggling with attendance and health issues. Budget constraints limit the number of students served in small-group after-school intervention programs.

Some of the school, district and community barriers to student achievement include: budget constraints, shortage of substitute teachers, technology availability, limited English language abilities, attendance, counseling services, and poverty. This particular school year, we experienced an abnormal amount of long term subs due to teacher absences. At one point, 20% of the staff was a long term sub, in addition to a grade level combo class.

Teachers have access to the following resources to meet the needs of all students: core curriculum, School City Data Analysis Software, DIBELS, Lexia, Dream Box Math, United Streaming, Coaching support in designing CCSS Units of Study.

We will continue to focus on the English Language Learners this year to increase the scores on the 2018-2019 ELPAC test as well as the SBAC. We continue to provide extra bilingual support during the school day in the form of Designated ELD and after-school intervention in the form of tutoring.

We have regularly scheduled Data Team meetings to review student progress.. Each grade level will work on two SMART goals approximately every 6 weeks. Each grade level has developed a list of essential standards to work on throughout the school year. Benchmark assessments have been developed by teachers to assess what is being taught in the classroom. The benchmark assessments are based on the essential standards. After assessing students, teachers will identify students that require intervention. 80% of the students will receive intervention during class time, 15% will receive an additional intervention after school, and 5% will receive one-on-one support. We will be able to target every student that needs intervention in our school. These percentages vary as the specific needs of students are identified and monitored during the year.

### Socio-Emtional/Culture & Climate:

We will continue to emphasize Character Counts at our school this year and teaching children the importance of being kids of character. We will also implement the Second Steps program, which is an SEL and Bully Prevention curriculum. We are also hiring and staffing two personnel who will work with students on behavior management and self-efficacy.

We will continue the Self Manager program at our school. The focus is for students to demonstrate good character traits and responsibility with their actions. Students who follow class and school rules will receive a special Self Manager badge to wear and they receive special privileges throughout the school.

Many teachers attended the voluntary ELPD and CCSS trainings during the school year to learn strategies on how to teach math/ELA to English Language Learners. Next year, we will work closely with High Impact Math consultant team, district TOSA's, and a consultant named Kris Tom to increase rigor and standards/SBAC aligned assessments and lessons.

Teachers will work to implement a new Math curriculum, Bridges, and implement it effectively for the 2018/2019 school year. Learning new curricula can cause some barriers.

Approximately 100 students receive extra homework support through the after school ASES Program.

# School and Student Performance Data

## CAASPP Results (All Students)

### English Language Arts/Literacy

Overall Participation for All Students												
Grade Level	# of Students Enrolled			# of Students Tested			# of Students with Scores			% of Enrolled Students Tested		
	15-16	16-17	17-18	15-16	16-17	17-18	15-16	16-17	17-18	15-16	16-17	17-18

**Conclusions based on this data:**

1. Overview of Current and Trend Data:

A review of current and trend data shows that Cahuilla is making progress. Students in Grades 3-5 demonstrated the following results from 2016/2017 to 2017/2018:

Standard Exceeded: 16% (+4%). This is a steady growth of 7% in 4 year trend);  
 Standard Met: 24% (+2%). This is a slow but steady growth of 5% in 4 year trend).

This means Cahuilla went from having 35% of our students meeting or exceeding standards in 2016/2017 to 40% of our students meeting or exceeding standards in 2017/2018 (+6% growth and up 12% in 4 year trend). The current SPSA did yield a total of 6% growth and is on track with the PSUSD target of 6% growth--overall. While this is steady growth, it is still below staff expectations for student achievement and is not progressing at the expected rate.

2. In terms of Grade Level Data:

Grade 3: Standards Met or Exceeded: 49% (+18% and 0% increase over 4 year trend data). Grade 3 experienced a performance drop in 2016/2017 and recovered the loss in 2017/2018. The gap is closing.  
 Grade 4: Standards Met or Exceeded: 39% (+5% and 6% decrease over 4 year trend data). Grade 4 experienced growth last year, and recovered loss over the 4 year trend. The gap is closing, but the number of proficient or greater students is still less than it was 4 years ago. This is a concern and will continue to be a focus.  
 Grade 5: Standards Met or Exceeded: 31% (-4% and 8% decrease over 4 year trend data). Gr 5 experienced a decline and continues to experience a decline in 4 year trend data. Grade 5's data indicates an intensive need or focus to reverse this trend.

In conclusion, Grade 3 and Grade 4 are making progress in closing the achievement gap. Grade 5 is not.

3. Cahuilla said it was going to return to a focus on Tiered support in 2017/2018 after a significant decrease in student achievement. It did return to this support, and did experience growth in 2/3 grade levels. In conclusion, overall, the achievement gap narrows in 2 of the three grade levels, and widened in Grade 5.

A review of the CORE Growth Model shows Cahuilla in the bottom left of the grid with a score of -33 Df3. in terms of growth, while Cahuilla is making growth, students are not growing as as quickly as expected. This will continue to be a focus in the ELA goals for 2018/2019.

All Grades	19	14.72	18.46	45	44.53	44.62	36	40.75	36.92

**Conclusions based on this data:**

1. Overview of Current and Trend Data:

A review of current and trend data shows that Cahuilla is making progress. Students in Grades 3-5 demonstrated the following results from 2016/2017 to 2017/2018:

Standard Exceeded: 13% (+0%). This is a steady growth of 6% in 4 year trend);  
 Standard Met: 22% (+4%). This is a slow but steady growth of 5% in 4 year trend).

This means Cahuilla went from having 31% of our students meeting or exceeding standards in 2016/2017 to 34% of our students meeting or exceeding standards in 2017/2018 (+4% growth and up 10% in 4 year trend). The current SPSA did yield a total of 4% growth and is NOT on track with the PSUSD target of 6% growth--overall. This is below staff expectations and students are not progressing at the expected rate.

2. In terms of Grade Level Data:

Grade 3: Standards Met or Exceeded: 59% (+17% and -3% decrease over 4 year trend data). Grade 3 experienced a performance drop in 2016/2017 and recovered the loss in 2017/2018. The gap is closing.

Grade 4: Standards Met or Exceeded: 34% (+9% and 6% increase over 4 year trend data). Grade 4 experienced growth last year, and recovered loss over the 4 year trend.

Grade 5: Standards Met or Exceeded: 12% (-10% and 2% decrease over 4 year trend data). Gr 5 experienced a decline and continues to experience a decline in 4 year trend data. Grade 5's data indicates an intensive need or focus to reverse this trend.

In conclusion, Grade 3 and Grade 4 are making progress in closing the achievement gap. Grade 5 is not.

3. A review of the CORE Growth Model shows Cahuilla in the bottom left of the grid with a score of -45 Df3. in terms of growth, while Cahuilla is making growth, students are not growing as as quickly as expected. This will continue to be a focus in the Math goals for 2018/2019.

## Planned Improvements in Student Performance

### LCAP Aligned School Goal #1: Academic Achievement

The School Site Council has analyzed the academic performance of all student groups and has considered the effectiveness of key elements of the instructional program for students failing to meet student performance targets. As a result, it has adopted the following school goals, related actions, and expenditures to raise the academic performance of students not yet meeting state standards:

SUBJECT: Academic Achievement																		
LCAP GOAL:																		
All students will graduate high school prepared with the academic and technical skills necessary for college and career readiness																		
LCAP ALIGNED SCHOOL GOAL #1:																		
SCHOOL GOAL #1: Tiered Program for Providing Instruction that utilizes technology as an integral part of learning.																		
a) Grades 1-5 will implement an effective Tier I program by providing standards based instruction utilizing research based strategies specific to the content and needs of students.																		
b) Grades 1-5 will implement an effective Tier I & II program by providing Small Group instructional program within each classroom of each grade level. Groups may be enrichment or intervention depending on need of student.																		
c) Grades K-5 will implement an effective Tier III Support program using the SST process to identify students with potential disabilities or other needs that are impeding their achievement.																		
d) All grades will utilize technology to implement the Tiered Program in order to prepare students for college and career readiness.																		
e) Saturday school will be used as a Tier II in order to target students who have absences.																		
Expected Annual Measurable Outcomes:																		
Data Matrix – Dashboard indicators noted below are preliminary, locally-calculated estimates. Official State Dashboard results will be released December 2017.

**Associate Research Based Data:**

URL: <http://www.cde.ca.gov>

ABSTRACT: The preparation of teachers and support for their continuing professional development is critical to the quality of California schools. Research from other countries suggests that student achievement can improve when teachers are able to spend time together planning and evaluating instruction (Beaton et al. 1996).

Implementing ESEA Flexibility Plans: [http://www.rti4success.org/sites/default/files/Response\\_to\\_Intervention\\_Pocket\\_Guide\\_2.pdf](http://www.rti4success.org/sites/default/files/Response_to_Intervention_Pocket_Guide_2.pdf). This framework discusses the essential components to have an effective tiered response to instruction. "A common, research-based RTI framework will help strengthen implementation by expanding school staff's understanding of how instructional programming becomes increasingly intensive. For example, district-wide use of a common framework helps individual schools accurately classify practices as primary, secondary, or tertiary. These distinctions should help building-level administrators and classroom teachers determine how to deploy staff and instructional resources in a sensible and efficient manner."

Creating Curriculum/Alignment: <http://www.allthingsplc.info/blog/view/347/celebrating-and-curating-for-curriculum-alignment>

Designated ELD: <https://www.cde.ca.gov/ci/rl/cf>

Saturday School: Closing the Gap through Extended Learning Opportunities: [http://www.nea.org/assets/docs/HE/mf\\_PB04\\_ExtendedLearning.pdf](http://www.nea.org/assets/docs/HE/mf_PB04_ExtendedLearning.pdf)

This states the variety of positive impacts that extended learning opportunities, including Saturday enrichment, can have on various aspects of student engagement and achievement.

## Planned Improvements in Student Performance

### LCAP Aligned School Goal #2: Parent and Community Partnerships

The School Site Council has analyzed the academic performance of all student groups and has considered the effectiveness of key elements of the instructional program for students failing to meet student performance targets. As a result, it has adopted the following school goals, related actions, and expenditures to raise the academic performance of students not yet meeting state standards:

<b>SUBJECT: Parent and Community Partnerships</b>																		
<b>LCAP GOAL:</b>																		
Palm Springs Unified School District will collaborate with families and our local communities to ensure all students are actively engaged in learning and connected in meaningful ways to their school and community.																		
<b>LCAP ALIGNED SCHOOL GOAL #2:</b>																		
Increase the availability of translators in parent and community events and written communication to families in order to ensure parents have an opportunity to be involved to the greatest extent possible when engaging in communication with the school. Work to increase the Cahuilla attendance rate from 94.7% to the district goal of 96%.																		
<b>Expected Annual Measurable Outcomes:</b>																		
Data Matrix – Dashboard indicators noted below are preliminary, locally-calculated estimates. Official State Dashboard results will be released December 2017.

## Planned Improvements in Student Performance

### LCAP Aligned School Goal #3: Safe Learning Environment

The School Site Council has analyzed the academic performance of all student groups and has considered the effectiveness of key elements of the instructional program for students failing to meet student performance targets. As a result, it has adopted the following school goals, related actions, and expenditures to raise the academic performance of students not yet meeting state standards:

<b>SUBJECT: Safe Learning Environment</b>																		
<b>LCAP GOAL:</b>																		
Palm Springs Unified will provide students with a clean, healthy, physically and emotionally safe learning environment.																		
<b>LCAP ALIGNED SCHOOL GOAL #3:</b>																		
Cahuilla will implement a Tiered program to address the socio-emotional needs of staff.																		
1) ensure students, staff, and families reply with favorable responses in the panorama survey on the topics of Climate and Support for Academic Learning, Knowledge & Fairness of Discipline, Rules, and Norms, Safety, and Sense of Belonging. Cahuilla will strive to be in the 80-99th percentile for the overall responses on the surveys.																		
2) As for students and SEL, we will provide programs to increase favorable responses in growth mindset and self-management. The goal will be to have responses land in the 80-99th percentile for favorable responses.																		
<b>Expected Annual Measurable Outcomes:</b>																		
Data Matrix – Dashboard indicators noted below are preliminary, locally-calculated estimates. Official State Dashboard results will be released December 2017.																		
Metric	Overall Baseline	Growth Target	Overall Target	EL Baseline	EL Growth Target	EL Target	Hispanic Baseline	Hisp. Growth Target	Hispanic Target	AA Baseline	AA Growth Target	AA Target	SED Baseline	SED Growth Target	SED Target	SWD Baseline	SWD Growth Target	SWD Target
<b>GOAL 3 – SAFE LEARNING ENVIRONMENT</b>

Goal #	Total Expenditures
Academic Achievement – Rigor and Standards	57,081.00
Parent and Community Partnerships	2,238.00
Safe Learning Environment	195,853.00

## School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

Name of Members	Principal	Classroom Teacher	Other School Staff	Parent or Community Member	Secondary Students
Mr. Ryan Saunders	X				
Mr. Miche Guidry		X			
Ms. Terri Whaley		X			
Ms. Jasmin Flores		X			
Ms. Pam Gonzalez			X		
Mr. Milt Levinson				X	
Ms. Lauren Ogle				X	
Ms. Patricia Russell				X	
Mr. Aaron Rogers				X	
Ms. Andrea Madrigal				X	
<b>Numbers of members of each category:</b>	<b>1</b>	<b>3</b>	<b>1</b>	<b>5</b>	

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

**School Site Council Meeting Minutes**

## Recommendations and Assurances

The school site council (SSC) recommends this school plan and Proposed Expenditure(s) to the district governing board for approval and assures the board of the following:

1. The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.
2. The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.
3. The SSC sought and considered all recommendations from the following groups or committees before adopting this plan **(Check those that apply):**

X	English Learner Advisory Committee	_____
		Signature
	Special Education Advisory Committee	_____
		Signature
	Gifted and Talented Education Program Advisory Committee	_____
		Signature
	District/School Liaison Team for schools in Program Improvement	_____
		Signature
X	Other committees established by the school or district (list): The leadership team met and reviewed the SPSA at a Leadership Team Meeting.	_____
		Signature

4. The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.
5. This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.
6. This SPSA was adopted by the SSC at a public meeting on 10/16/2018.

# Evaluation of Planned Improvements in Student Performance

## LCAP Aligned School Goal #1: Academic Achievement

<b>SUBJECT: Academic Achievement</b>																		
<b>LCAP GOAL:</b>																		
All students will graduate high school prepared with the academic and technical skills necessary for college and career readiness																		
<b>LCAP ALIGNED SCHOOL GOAL #1:</b>																		
SCHOOL GOAL #1: Tiered Program for Providing Instruction that utilizes technology as an integral part of learning.																		
a) Grades 1-5 will implement an effective Tier I program by providing standards based instruction utilizing research based strategies specific to the content and needs of students.																		
b) Grades 1-5 will implement an effective Tier I & II program by providing Small Group instructional program within each classroom of each grade level. Groups may be enrichment or intervention depending on need of student.																		
c) Grades K-5 will implement an effective Tier III Support program using the SST process to identify students with potential disabilities or other needs that are impeding their achievement.																		
d) All grades will utilize technology to implement the Tiered Program in order to prepare students for college and career readiness.																		
e) Saturday school will be used as a Tier II in order to target students who have absences.

(760) 416-8164, Fax  
rsaunders@psusd.us

**Ryan Saunders, Ed.D., Principal**

September 11, 2018

Flyers were sent out to parents on 8/21/18 in regards to school site council for 18/19 school year. If they were interested in running for the one vacant seat they would need to complete the self-nomination form and return it by August 28. Only one parent turned in the form and by default she was chosen as parent representative in school site council for the 18/19 school year.

*Mission Statement:*

*At Cahuilla Elementary we believe all students can learn; therefore, we are committed to high expectations for all students, staff, and families.*

## STATE AND FEDERAL PROGRAMS SCHOOL SITE COUNCIL (SSC) CHECKLIST 2018-19

**Information Must Be Uploaded In Your SPSA In DTS**

<b>1. NAME OF SCHOOL:</b>	Palm Springs High School
---------------------------	--------------------------

# JUNTA ELAC

Oct-05-2018

Se inició a las 8:45am

- Cada escuela deben formar un comité de ELAC.
- El programa ELAC es para apoyar a los estudiantes aprendices de Inglés.
- Asistirá al desarrollo de una evaluación para la comunidad con información.
- Habrá un censo para saber cuántos alumnos hay que necesitan para el programa.
- Nos afecta todos los estudiantes que llegan tarde o que se van temprano.
- La nueva Coordinadora de DELAC se llama ~~Mandi G~~ Amanda González.
- Tenemos el 30% de estudiantes en la escuela y nuestra escuela somos el 100% de estudiantes de aprendices de Inglés.
- Cada ELAC tendrá un representante en las juntas de DELAC.
- Rita Martínez le ayudan y apoyan a los padres para estar informados
- Ceticia Rodríguez ayuda en la comunidad y a las escuelas para

que los padres estén enterados de todas las oportunidades y facilidades para nuestros alumnos de aprendices de Inglés.

- Se revisó los estatutos y artículos del propósito del comité de ELAC
- Se harán votaciones para elegir a los miembros de ELAC.

Los que sean elegidos deberán seguir sus deberes.

- Se habló de las enmiendas, de las subcomisiones y votaciones que se harán en el futuro.

- Se proveerá diferentes recursos e entrenamientos para mejorar la información hacia los padres.

- Se habló de los procedimientos de quejas legales.

El es el encargado de recibir todas las quejas que se tengan. el Dr. Michael Swize, es superintendente.

Si no se resuelve la queja en 60 días, se irá al CDE Departamento de Educación de California.

# ELAC

oct./05/2018.

- Se habló el plan de a dónde se van los fondos para este Programa.
- Se desarrollarán cómo mejorar las asistencias para los estudiantes
- Los oficiales de los miembros de ELAC serán los mismos del año pasado.

Olivia Vital

- Presidente

Mari vel

- Vice presidente y Repres.

Rodo Arana.

- Secretaria.

- Invitar a más padres a unirse a las juntas.

- Siguientes juntas serán.

Noviembre 02 2018 8:45 am

Diciembre 07 2018

Febrero 15 2019

March 15 → Director del Día.

Mayo 03 2019

- A lo mejor habrá una junta en el mes de Abril.

- La junta del Consejo Escolar será No se tomó acción porque no hubo suficiente personal para votar.

La próxima junta traerá los resultados de la encuesta.  
Proveer material

ARF say Hi >>><<<.

- La Vicepresidente nos entregó información de la junta de DELAC.

Junta  
Finaliza a las 10:01 am.

### DELAC REPORT

The session began at 6:14 p.m.

School attended 18 was 21 Representatives.

The Coordinator Ms. Gonzales gave a summary from the previous meeting on September 27,2018.

Explained how we can enter the program with chromebooks.

There were Student Intern Presentations . Public Security (DHS High School) , Automotive Industry (Rancho Mirage, H.S.) Cafe Academy (Rancho Mirage, H.S.) HEAL (Cathedral City, H.S.) several careers. They gave us your presentation early .

Voting took place , the vote was to tiebreaker vice-president. Finally, the vice-president is Socorro Perez ( Rancho Mirage Elementary School).

FEV tutoring. Helping to filling out students applications about tutoring. Monday P.S.Family Center (5:00 p.m.- 6:00 p.m.) Tuesday DHS Family Center (5:00 p.m.- 6:00 p.m.) .

They talked about English Learning Programs and Reclassification Activity. The state will be specific changing the test. Parents should know, if the students don't pass the test anyway they can graduate.

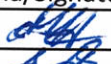

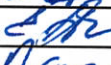

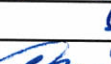

CABE (March 20-23, 2019. Long Beach Convention Center more information at [Cabe2019.org](http://Cabe2019.org)).

Delac next meeting November 29,2018.

Meeting was finished at 7:58 p.m.

# JUNTA ELAC

Oct-05-2018

Se inició a las 8:45am

- Cada escuela deben formar un comité de ELAC.
- El programa ELAC es para apoyar a los estudiantes aprendices de Inglés.
- Asistirá al desarrollo de una evaluación para la comunidad con información.
- Habrá un censo para saber cuántos alumnos hay que necesitan para el programa.
- Nos afecta todos los estudiantes que llegan tarde o que se van temprano.
- La nueva Coordinadora de DELAC se llama ~~Mandi G~~ Amanda González.
- Tenemos el 30% de estudiantes en la escuela y nuestra escuela somos el 100% de estudiantes de aprendices de Inglés.
- Cada ELAC tendrá un representante en las juntas de DELAC.
- Rita Martínez le ayudan y apoyan a los padres para estar informados
- Ceticia Rodríguez ayuda en la comunidad y a las escuelas para

que los padres estén enterados de todas las oportunidades y facilidades para nuestros alumnos de aprendices de Inglés.

- Se revisó los estatutos y artículos del propósito del comité de ELAC
- Se harán votaciones para elegir a los miembros de ELAC.

Los que sean elegidos deberán seguir sus deberes.

- Se habló de las enmiendas, de las subcomisiones y votaciones que se harán en el futuro.

- Se proveerá diferentes recursos e entrenamientos para mejorar la información hacia los padres.

- Se habló de los procedimientos de quejas legales.

El es el encargado de recibir todas las quejas que se tengan. el Dr. Michael Swize, es superintendente.

Si no se resuelve la queja en 60 días, se irá al CDE Departamento de Educación de California.

# ELAC

oct./05/2018.

- Se habló el plan de a dónde se van los fondos para este Programa.

- Se desarrollarán cómo mejorar las asistencias para los estudiantes

- Los oficiales de los miembros de ELAC serán los mismos del año pasado.

Olivia Vital

- Presidente

Mari vel

- Vice presidente y Repres.

Rodo Arana.

- Secretaria.

- Invitar a más padres a unirse a las juntas.

- Siguietes juntas serán.

Noviembre 02 2018 8:45 am

Diciembre 07 2018

Febrero 15 2019

March 15 → Director del Día.

Mayo 03 2019

- A lo mejor habrá una junta en el mes de Abril.

- La junta del Consejo Escolar será No se tomó acción porque no hubo suficiente personal para votar.

La próxima junta traerá los resultados de la encuesta.  
Proveer material

ARF say Hi >>><<<.

- La Vicepresidente nos entregó información de la junta de DELAC.

Junta  
Finaliza a las 10:01 am.
