

TRANSITIONING FROM EDGENUITY TO ALEKS & VICE VERSA

Integrated Math 1, 2 & 3

When do I switch to ALEKs?

If you completed 49%-52% of Edgenuity Math

Mr. Escamilla has emailed some students with their Login Name and Password for ALEKs, along with specific login instructions.

If not, then
→

Email Mr. Escamilla directly to **request** your ALEKs login credentials & instructions.

ALL students must complete **49%-52%** of their math course work *on Edgenuity* **before** switching to ALEKs to complete math work on ALEKs.

If you receive an email from Mr. Escamilla look for:

Hello Jane Doe 😊, Thank you for your effort put into completing your math Lessons on your Edgenuity. You have reached a point in your math course where you will need to continue your progress on ALEKS. After finishing lesson # 14 in your math course, you need to follow some steps to continue your progress. The first step is to log into ALEKS, and take a "Knowledge Check". Here is your Login name and password to begin your ALEKS check:

Login Name: JDOE2248

← **Login Name will be some combination of your First/Last name or #s**

Password: key47two

Use the link below and enter the information above to begin your assessment:

<https://www.aleks.com/login>

Remember, the better you perform on the Knowledge assessment, the fewer topics you will need to complete on ALEKS. Take your time on each question and make sure you have a quiet place where you can focus. After the Initial Knowledge Assessment, you will begin your customized pathway. Once you reach 25% completion on your pathway, you will be returning to your math lessons on Edgenuity. Also, here is the link to my google classroom, where you can find a step by step video tutorial on how to get started with your ALEKS Initial Knowledge Check. Good luck, and let me know if there is anything I can help you with.

Last, I am including the access link to the presentation describing our DLA math courses on Edgenuity, including Kami notes and Q1 & Q2 ALEKS assessments. You may review it and let me know if you need any clarification:

<https://docs.google.com/presentation/u/0/d/1a4QPp58a2SjGs4g8QxGbFu6RK4JicTm9738XuU--tR0/edit>

Frequently Asked Questions:

1.) "I am stuck" & 2.) How do I report my progress to my math teacher.

If you finished your ALEKs.

You will need to submit a note as a placeholder in your Edgenuity Midterm and Final Assignment.

****note you need at least 10 words to be able to hit the blue "Submit" button****

After this will show:
