Improving Basic Programs Operated by
State and Local Educational Agencies

(note: This list only includes ESSA programs with LEA plan requirements; not all ESSA programs.)

In the following pages, ONLY complete the sections for the corresponding programs.

Instructions

The LCAP Federal Addendum is meant to supplement the LCAP to ensure that eligible LEAs have the opportunity to meet the Local Educational Agency (LEA) Plan provisions of the ESSA.

The LCAP Federal Addendum Template must be completed and submitted to the California Department of Education (CDE) to apply for ESSA funding. LEAs are encouraged to review the LCAP Federal Addendum annually with their LCAP, as ESSA funding should be considered in yearly strategic planning.

The LEA must address the Strategy and Alignment prompts provided on the following page.

Each provision for each program must be addressed unless the provision is not applicable to the LEA.

In addressing these provisions, LEAs must provide a narrative that addresses the provision **within the LCAP Federal Addendum Template**.

Under State Priority Alignment, state priority numbers are provided to demonstrate where an ESSA provision aligns with state priorities. This is meant to assist LEAs in determining where ESSA provisions may already be addressed in the LEA's LCAP, as it demonstrates the LEA's efforts to support the state priorities.

The CDE emphasizes that **the LCAP Federal Addendum should not drive LCAP development**. ESSA funds are supplemental to state funds, just as the LCAP Federal Addendum supplements your LCAP. **LEAs are encouraged to integrate their ESSA funds into their LCAP development as much as possible to promote strategic planning of all resources**; however, this is not a requirement. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA's responses to the ESSA plan provisions. There is no standard length for the responses. LEAs will be asked to clarify insufficient responses during the review process.

This template is designed to be used by LEAs who already have completed their LCAP Federal Addendum and received approval from CDE. This template will support LEAs with the review of their LCAP Federal Addendum and revision.

The review and revision of the LCAP Federal Addendum do not need to be submitted to CDE for approval. However, an LEA should have their local Board approve any revisions.

Even if the LEA plans to transfer all of its title funds, it must still address all of the provisions of the title from which it is transferring its funds. The LEA must first meet the application requirements of those funds before it can elect to transfer those funds to another title.

California's ESSA State Plan significantly shifts the state's approach to the utilization of federal resources in support of underserved student groups. This LCAP Federal Addendum provides LEAs with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for LEAs to innovate with their federally-funded programs and align them with the priority goals they are realizing under the state's Local Control Funding Formula (LCFF).

LCFF provides LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The LCAP planning process supports continuous cycles of action, reflection, and improvement.

Please respond to the prompts below, and in the pages that follow, to describe the LEA's plan for making the best use of federal ESEA resources in alignment with other federal, state, and local programs as described in the LEA's LCAP.

Strategy

Explain the LEA's strategy for using federal funds to supplement and enhance local priorities or initiatives funded with state funds, as reflected in the LEA's LCAP. This shall include describing the rationale/evidence for the selected use(s) of federal funds within the context of the LEA's broader strategy reflected in the LCAP.

Alignment

Describe the efforts that the LEA will take to align use of federal funds with activities funded by state and local funds and, as applicable, across different federal grant programs.

ESSA Provisions Addressed Within the LCAP

Within the LCAP an LEA is required to describe its goals and the specific actions to achieve those goals, for each of the LCFF state priorities. In an approvable LCAP, it will be apparent from the descriptions of the goals, actions, and services how an LEA is acting to address the following ESSA provisions through the aligned LCFF state priorities and/or the state accountability system.

In addressing these provisions, LEAs must provide a narrative that addresses the provision **within this addendum**.

As previously stated, the CDE emphasizes that the LCAP Federal Addendum should not drive LCAP development. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA's responses to the ESSA plan provisions. There is no standard length for the responses. TITLE I, PART A

Educator Equity

ESSA SECTION 1112(b)(2) – *Not Applicable to Charters and Single School Districts.*

Describe how the LEA will identify and address, as required under State plans as described in Section 1111(g)(1)(B), any disparities that result in low-income students and minority students being taught at higher rates than other students by ineffective, inexperienced, or out-of-field teachers.

NOTE: In this section, LEAs must identify and address disparities. Tools on the CDE's website (<https://www.cde.ca.gov/pd/ee/peat.asp>) can help with this process. LEAs are required to specifically address the following at comparable sites:

1. What # and % of teachers at sites are inexperienced, misassigned, or out-of-field in relation to:
 - a. Number of low-income students
 - b. Number of minority students
2. Does the LEA have an educator equity gap –
 - a. If yes, must create a plan which must include root cause analysis of the disparity
 - b. A plan must be created with meaningful educational partner engagement.

Educator Equity Data Tables available [here](#).

THIS ESSA PROVISION IS ADDRESSED BELOW:

Cielo Vista Charter has identified a disparity that results in low-income and minority students being taught at higher rates than other students by ineffective, inexperienced, or out-of-field teachers.

Total Teachers: 46
Inexperienced Teachers: 6
Inexperienced % = 13%
Misassigned = 0
Out of Field Teachers = 4
OOF Teachers % = 8.7%

To ensure that Cielo Vista Charter promotes equitable access to teachers for low-income and minority students, the following action steps have been put in place to eliminate all disparities within our instructional program:

1. Teaching staff with only one or two years of teaching service participate in teaching induction and mentoring programs. The school also provides research-based professional development that equips them with the skills needed to teach low-income and minority students effectively. This professional development includes but is not limited to ELL strategies, mathematical shifts (Focus, Coherence, and Rigor), guided reading, teaching non-fiction reading, content writing, and restorative practices. Social-emotional learning opportunities are also given to our students. Leader in Me enables our students to become reflective learners.
2. On-going coaching will be provided to the teachers in high-yield strategies for student success.
3. Opportunities for professional development are also offered throughout the year.

On November 6, 2019, the SBE approved updated definitions for “ineffective” and “out-of-field” teachers to be included in the amended California ESSA Consolidated State Plan.

Also, include how the LEA will align parent involvement required in Section 1116 with the LCAP educational partner engagement process.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Describe CVC's parent and family engagement policy, and how it was developed jointly with, agree on with, and distribute to, parents and family members of participating children a written parent and family engagement policy

Our parent and family engagement policy is developed in collaboration with our parents and family members before it is finalized. We discussed this at several different meetings that are held throughout the year. These meetings include: ELAC meetings, our monthly coffee chats with the principal, our monthly PTG meetings, our monthly Advisory Board meetings, and through our monthly surveys sent to parents to give feedback on how we can best engage them and have them present in the building.

Describe how CVC will provide assistance to parents of children served by the school or local educational agency, as appropriate, in understanding such topics as the challenging State academic standards, State and local academic assessments, the requirements of this part, and how to monitor a child's progress and work with educators to improve the achievement of their children

Parent trainings are provided throughout the school year which include helping them with strategies to help their students. State academic standards are discussed with the families so that they are aware of what their child is expected to achieve each year. A yearlong calendar is shared with every family and parents are aware of what their child learns

daily, monthly, and throughout the year. We share reports each year discussing their progress towards state and local academic assessments. These reports include those that are embedded within the testing system. We also have created our own document that is shared with families throughout the year. At CVC we also ensure that parents are regularly informed of their students' academic progress via progress reports, parent/ teacher conferences, and student study team meetings.

Describe how CVC will provide materials and training to help parents to work with their children to improve their children's achievement, such as literacy training and using technology (including education about the harms of copyright piracy), as appropriate, to foster parental involvement. There are several student and parent workshops held throughout the year. These workshops include Latino literacy which focuses on building the love of reading at a very young age. Parents also can get support in helping their children build conceptual mathematical understanding. We will continue to offer and provide materials to help parents work with their child to improve their achievement each year.

Describe how CVC will educate teachers, specialized instructional support personnel, principals, other school leaders, and other staff, with the assistance of parents, in the value and utility of contributions of parents, and in how to reach out to, communicate with, and work with parents as equal partners, implement and coordinate parent programs, and build ties between parents and the school. Being a charter school, we've always had high parent involvement. We have continuously sought out feedback from our stakeholders and value our partnerships as we work with parents as equal partners. Our parents are an important part of our instructional program and feel welcome at school. Due to these relationships, we are able to implement and coordinate parent programs in which they find beneficial. They know that their voice matters and will voice any concerns they may have.

Describe how CVC will to the extent feasible and appropriate, coordinate and integrate parent involvement programs and activities with other Federal, State, and local programs, including public preschool programs, and conduct other activities, such as parent resource centers, that encourage and support parents in more fully participating in the education of their children;

We work closely with our PSUSD family engagement center. We also have our own face specialist that works closely with families in offering education classes, providing them community resources and referrals, empowering them to join different school based groups, and helping them with whatever barrier they may be facing navigating school resources.

Describe how CVC will ensure that information related to school and parent programs, meetings, and other activities is sent to the parents of participating children in a format and, to the extent practicable, in a language the parents can understand

We are committed to making sure that any information related to school and parent programs, meetings, and any other activities is always sent in the parents' home language. Our parents really appreciate this, and this has been a practice that we are most proud of.

Describe how CVC will provide such other reasonable support for parental involvement activities as parents may request:

Here at CVC we value the parents input, if feasible we will do as the parents are requesting given that the request follows school policy. We have been very successful in implementing many new programs and resources for family based on parent input. For example, this upcoming school year we will offer Spanish classes with a Spanish teacher in grades 3-4-5 as a result of feedback from our families.

Describe how CVC will provide opportunities for the informed participation of parents and family members (including parents and family members who have limited English proficiency, parents and family members with disabilities, and parents and family members of migratory children), including providing information and school reports in a format and, to the extent practicable, in a language, such parents understand

As a school principal, I take pride in meeting with the families each month period through my coffee chats, I am able to facilitate an open forum that will allow parents to feel comfortable to ask any questions. During this time parents are provided with visuals and my one-on-one support if they are experiencing any challenges understanding our school reports or information that they may have received. We hold several parent events throughout the year that allows them to feel connected to CVC and truly feel like a partner.

Schoolwide Programs, Targeted Support Programs, and Programs for Neglected or Delinquent Children

ESSA SECTIONS 1112(b)(5) and 1112(b)(9)

Describe, in general, the nature of the programs to be conducted by the LEA's schools under sections 1114 and 1115 and, where appropriate, educational services outside such schools for children living in local institutions for neglected or delinquent children, and for neglected and delinquent children in community day school programs.

At CVC, we operate school-wide programs and follow the regulations outlined in the Every Student Succeeds Act (ESSA). CVC per pupil allocations are differentiated based on poverty percentages. An annual comprehensive needs assessment is conducted throughout the year to create the actions and expenditures that provide the supplemental services and resources needed to assist our students in meeting or exceeding grade-level standards. Actions identified at CVC include but are not limited to additional math intervention teachers, a Spanish teacher, extended school day interventions, student counseling support, and supplemental materials and resources. CVC regularly monitors the effectiveness of the programs and services written in their LCAP. The LCAP actions are evidence-based and reflective of site-level planning, data analysis, and student needs. CVC also provides the teachers with school-wide professional development opportunities are focused on increasing rigor and improving student engagement strategies in all classrooms, but also allows them to choose a self-selected initiative in which they choose an area to grow in that will increase student outcomes. CVC continues to focus on Professional Learning Community structures and the implementation of common formative assessments. Teachers analyze the results from formative assessments to determine students for interventions, both during and outside of the school day schedule, as well as enrichment opportunities. Interventions and enrichment opportunities are provided within the school day using a variety of evidence-based intervention and enrichment programs, with expanded day and extended year opportunities coordinated through the Expanded Learning Programs office.

Programs for Neglected or Delinquent Children - Not Applicable: All schools in PSUSD are currently Title I schoolwide programs. PSUSD does not currently have a Title I, Part A Neglected or Delinquent Children reservation.

Early Childhood Education to Elementary School

The Early Childhood Education (ECE) program is offered here at CVC. Although they are their own entity, we collaborate with them in the transitional process. Articulation meetings occur between preschool and kindergarten each year. The ECE department aligns preschool curriculum to the ELA and Math core curriculum adopted by PSUSD. The transition program between early childhood education programs to the elementary school programs includes:
