

Ms. Karon
AP Computer Science Principles
2019 Summer Homework

This should be an exciting year for AP Computer Science Principles. I am looking forward to getting to know each and everyone of you. All instructions and assignments can be found in Google Classroom. Below is the overview of what is expected over the summer.

- Join the AP Computer Science Principles class on **Google Classroom**: [cmv6x8l](#)
- Fill out the online student survey found in **Google Classroom**.
- Join REMIND101 for this class to enable you to get reminders to help you stay on top of things. REMIND also allows you to ask me questions. Since text rates apply, this is optional. Instructions can be found in **Google Classroom**.
 - To join text @dhshsapcsp to 81010.
- Learn how to convert Binary to Decimal by watching the how to videos. Links can be found in **Google Classroom**.
- Sign up for Delta Math. Link can be found in **Google Classroom**. Take quiz in Delta Math.
