Vision

Our vision is to build a Corps of Cadets who will be productive members of our society, future leaders, who will be tangible examples of the pride, esprit and history that has distinguished Marines for 244 years. A vision for a corps of young men and women dedicated to their country, their community, their families, and their friends. A vision for adults who will practice the skills they have learned as cadets long after they leave Desert Hot Springs High School.

Mission

The mission of the Desert Hot Springs High School Marine Corps JROTC is to train and educate young men and women in the fundamentals of leadership, citizenship, and military skills. Our cadet goals are to consistently exceed the expectations of our parents, our teachers, our friends, and our neighbors, and to represent the Marine Corps with distinction and pride throughout our community.

United States Marine Corps JROTC

The very mention of the word Marine evokes an image of a young man or woman who has an ingrained sense of service, honor, courage and commitment. JROTC Cadets are trained and educated in the importance of these guiding principles that have been the bedrock of the Marine Corps for 244 years.
