Starting at Home is all about parenting because parents are their child's first teacher.

Health and Safety are essential needs for all of our families and we know that students struggle in school when these needs are not met.

Positive student attendance makes a great impact on academic achievement.

Lifelong Learning Starts Here. Continuing to develop ourselves is a perfect growth mindset model for our children.

Parent leaders are the heart of our schools and can make a difference in the lives of our students.

Action task examples include attending the 7 Habits of Successful Families course or creating a family mission statement.

Action task examples include attending a Community Health Fair or developing an emergency preparedness plan with your family.

Action tasks examples include attending Parent Teacher conferences or signing up for ParentVue.

Action tasks examples include attending an Internet Safety Course or learning a second language.

Action tasks examples include attending parent forums or advisories or volunteering at your child's school.

SHAPE represents the five focus areas that the PSUSD Family Center is bringing to families. Families are able to participate in gamified parent development, to increase parent capacity and student outcomes. Family missions align with the Family Center's goals.
