Dear Community Members of Cabot Yerxa Elementary School,

In an effort to increase available shaded areas for outdoor activities the Palm Springs Unified School District (PSUSD) will be constructing a 30 x 64 foot metal shade structure on the elementary campus grounds. The structure has been positioned with input from the Principal and in compliance with applicable codes governing school construction. This improvement will allow for a variety of new opportunities on the campus grounds during recess or for organized outdoor events.

Estimados Miembros de la Comunidad de la Escuela Cabot Yerxa Elementary School,

En un esfuerzo por extender las áreas sombreadas disponibles para actividades al aire libre, el Distrito Escolar Unificado de Palm Springs (PSUSD) construirá una estructura de metal de 30 x 64 pies en los terrenos de la escuela primaria. La estructura se ha posicionado con el aporte del Director y a conformidad con los códigos aplicables que rigen la construcción de escuelas. Esta mejora permitirá una variedad de nuevas oportunidades en el plantel durante el recreo o para los eventos organizados al aire libre.
