

Palm Springs Unified School District

Current Attendance Boundary of Cahuilla Elementary School

Boundary Description:

The eastern boundary runs south from the point that El Cielo Road would intersect Andreas Road to the intersection of El Cielo Road and Ramon Road. The boundary line then travels east along Ramon Road to the intersection with Gene Autry Trail and travels south on Gene Autry Trail to the intersection with Mesquite Avenue. The eastern boundary then travels east along Mesquite Avenue to the intersection with Crossley Road and travels south along Crossley Road/Golf Club Drive to the intersection with Palm Canyon Drive and then runs south and follows the western boundary line for the City of Cathedral City and then continuing along the western boundary line for the City of Rancho Mirage and then south to a line extended west from the intersection of Bob Hope Drive and Highway 111. This southern boundary travels directly west from this point to the boundary line of the School District. The northern boundary for this attendance area runs west from the point that El Cielo Road would intersect Andreas Road along Andreas Road until it intersects with Sunset Way. The boundary line then runs parallel to Tahquitz Canyon Way along a line 200 feet north of Tahquitz Canyon Way between Sunset Way and Saturmino Drive, and 125 feet north of Tahquitz Canyon Way between Saturmino Drive and Andreas Road. The boundary line then runs west on a line extended from Tahquitz Canyon Way to the western boundary of the School District. The southern and western boundaries of this attendance area are the boundaries of the School District.

The following additional areas are included in this attendance area: Palm Springs Villas II; Palm Springs View Apartments; the area south of Tramview Road north of Corazón Avenue/Palm Vista Drive east of a line 125 feet east of Eastgate Road and west of Indian Canyon Drive for that portion that is north of Corazón Avenue/Palm Vista Drive; the area south of Corazón Avenue/Palm Vista Drive and east of El Dorado
