

The Educational Services' Professional Development Department is very proud to announce a new online professional development registration system...

You will be able to find PD Links at pdlinks.us

To open pdlinks.us you will need to use either your Google or FireFox browser; PD Links will not work on the Safari browser

1. Click on sign in on upper left hand corner.

2. Click the red "G" Google logo

3. You will then be asked to sign into your PSUSD Google account... You do have a PSUSD Google account 😊

It's your same email address and if you have never utilized this account then the generic password is **psusd123** ... you will need to change this once you are in. If you cannot get past this Google account step please send an email to ETIS at helpdesk@psusd.us for assistance.

4. Then click the blue "Accept" button

5. Voila! You are in!

Even if you are not going to sign up for a training we need you to please sign into PD Links so your account can be activated. Thank you kindly.

IF you have signed up for any trainings on OARS for this summer or fall or beyond you DO NOT have to re-register on PD Links.

Do NOT use OARS for registering for professional development offerings.

6. On the left of the Home page there is “My Subscriptions”

This is where you can set preferences of types of trainings to be alerted (emailed) when they come available.

You will not receive any notifications if you do not set your Subscriptions.

Other Features

The “Dashboard” feature will inform you of any news/ information that will benefit you.

The “Blog” tab includes how to videos for Facilitators.

And of course, the “Trainings” tab will allow you to browse all the District trainings that are available for you to register.

Feel free to contact us if you have any questions regarding this exciting new tool.
